Brief Description of Background and Qualifications (Additional Information May Be Attached on Separate Sheets):

As a resident of Pacific Grove and an educator who works with teachers and students at all PGUSD schools, I value what the Pacific Grove Museum of Natural History brings to our community. As a young, childless resident, I value the efforts the museum has made to attract young adults with evening events. As an employee of the Monterey Bay Aquarium's Education Department, I value instilling a love of the natural world in our residents and visitors, and highlighting the unique beauty of our piece of the world.

I have worked in the Aquarium's Education Department for nearly 7 years. In that time, I have gained a deep knowledge of the remarkable natural history of our town and the entire Bay. I have also learned a great deal about the importance of communicating this information to residents and visitors, in order to sustain this natural beauty. I've seen the impact that the Museum has on our residents, from participation in the LIMPETS, Monarch and Naturalist programs to summer camp and field trip visits.

For the past two years, I've led a Pacific Grove Girl Scout troop. In addition to learning about the natural history of our town, we try to instill in our girls a belief that it's their responsibility to make their community better. I try to communicate to them that it is every citizen's duty to serve their local government, with whatever talents they possess. And I think that my talents could best be used in service of the Museum.

I hereby certify that I am a registered voter of the City of Pacific Grove (not required for EDC appointees)
