

## PACIFIC GROVE WEEKLY SUMMARY

January 15, 2016

### CITY MANAGER

City Manager Tom Frutchey's last day with the City was Tuesday, January 12, 2016. The Pacific Grove Management Employee Association and the Pacific Grove Police Officers Association hosted a Farewell Reception the same evening at Chautauqua Hall. We will miss you Tom and keep the Weekly Summary tradition alive!

### COMMUNITY DEVELOPMENT

**Year End Report.** Please review the attached Community and Economic Development Department year-end report for 2015 calculating all of the permits Current Planning has processed for the year. Planning Staff began documenting inquiries this past year to further improve the Planning process for applicants. Inquiries allow Planners to easily follow up with a project submittal by allowing all previous comments from any Planner to be readily available. Beginning in 2016 the Community and Economic Development Department will provide a monthly report of all current planning projects. All Planning Permits are available for you to view on the City website <http://www.cityofpacificgrove.org/living/community-economic-development/planning>.

**Short Term Vacation Rentals.** The Community and Economic Development Department has contracted with Cadence Communications to provide a 24 hour Hotline service to handle citizen complaints about short term vacation rentals. This is just one of the Citizen's Task Force recommendations that the City is implementing.

The Hotline Number is 760-833-7959 and is available beginning January 15, 2016, every day, 24 hours per day. Any questions about the service or the program contact Terri Schaeffer 831-648-3116 or [tschaeffer@cityofpacificgrove.org](mailto:tschaeffer@cityofpacificgrove.org).

## **FIRE DEPARTMENT**

**Community Emergency Response Team (CERT).** On Monday, January 11, 2016, CERT members participated in testing base radios to assure effective communication between neighborhoods and the *Emergency Operations Center (EOC)*. It was established that specific relay points can be utilized to communicate with the cities of Monterey, Pacific Grove and Carmel. Preparation is critical for ensuring communication during an actual emergency such as power outages and earthquakes when other communication may fail. Monterey CERT conducts these radio exercises on a monthly basis.

**Community Emergency Response Team (CERT) Drill.** On Saturday, January 16, 2016, CERT members will hold winter weather response training. The drill will cover response skills during heavy weather events using FEMA guidelines. They will work on constructing sand bag barriers, isolating an area with wires down, first aid for hypothermia victims as well as safety considerations during storm response. The CERT program educates local volunteers in basic response skills for hazards that may impact the local area. In 1994 the Monterey Fire Department responded to citizens' concerns to provide disaster response training with a program that eventually morphed into the current CERT program. The Fire Department maintains a liaison with CERT and continues to work closely with them during a disaster and other assistance when needed. If you are interested in learning more about the CERT program or would like to volunteer, please see their website at: [www.montereycert.org](http://www.montereycert.org)

**Whalefest.** On January 23 and 24, 2016, Monterey Fire personnel will participate in the *Sixth Annual Whalefest Monterey* with a fire boat exhibit. The event is free to the public and will take place from 10:00 a.m. to 5:00 p.m., at the Old Fisherman's Wharf in Monterey. There will be numerous activities such as live music, a coast guard boat display, demonstrations from marine organizations, a 60 foot model whale and a symposium of speakers inside the *Museum of Monterey* adjacent to the Plaza. The Monterey Fire Boat will be docked during the event for public tours and there will also be marine firefighting displays.

## **LAW/POLICE DEPARTMENT**

**Weekly Highlights.** Attached you will find Chief Belcher's Weekly Police Report for the week of January 8, 2016 to January 14, 2016, with the Year-to-Date Monthly Highlights.

## **LIBRARY**

**Points of View.** Concussions have always lingered in the world of professional sports as a vague "sports-related injury," passed off as simply "getting your bell rung." Where do you stand on this issue? Some say that increased awareness and education will reduce sports-related concussions. Others counterpoint that professional sports associations should protect athletes from concussions. The debates surrounding this topic have become complicated by the financial stakes for pro-sports leagues, the balancing of medical consequences for athletes and the pressure and corporate culture of winning, and fan investment and loyalty. Need some help defending your point of view on this topic? The **Points of View Reference Center®** database can give you some facts and opinions to help shape and support your ideas on this topic and others. Attention here students: **Points of View** is for you too. This resource gives you hundreds of ideas for your next speech or debate topic. The database is available online (and at the library) to Pacific Grove

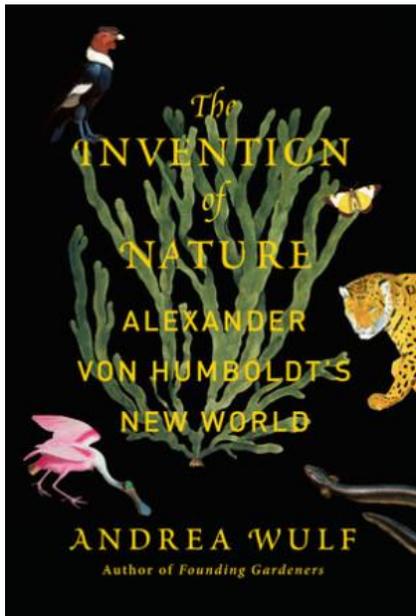

library-card holders. From the homepage, click **EXPLORE** on the menu bar; click **INFORMATION & RESEARCH**; then click **GENERAL REFERENCE**. If you need help, please call or stop by the library and a reference librarian will be happy to assist you. We can be reached at 648-5762.

## MUSEUM

**Student Art.** A reception for Santa Catalina student artists, open to the public, will be held at the Museum on Wednesday, January 20th, from 5:30-7:30 p.m. Art work, created by Santa Catalina School Art 1 students, is currently on display at the Pacific Grove Museum of Natural History through January and features a number of endangered birds.

<http://www.pgmuseum.org/museum-events/2016/1/20/santa-catalina-endangered-birds-art-exhibit-reception>

**Book Club.** Open exclusively to Museum members, volunteers and staff, the Natural History Book Club get together in an informal setting every other month at the Museum. We're meeting Thursday, January 21, at 6:30 p.m. to discuss the book, "The Invention of Nature: Alexander von Humboldt's New World," by Andrea Wulf. <http://www.pgmuseum.org/museum-events/2016/1/21/natural-history-book-club>

## PUBLIC WORKS

**Clubhouse.** This week Public Works completed the bathrooms at the golf course clubhouse and the results are great. The old counter tops were removed and new stone tops were put back in place with under mount sinks. City staff finished the frames for the mirrors this week and hung them. This is a vast improvement.

**Central Avenue Update.** The work has begun on Central Avenue for the Traffic Calming and Landscaping project. The crews have completed the layout and have saw cut the asphalt that will be removed to create the raised center medians and bulb outs. It is anticipated that this project will be completed mid-February, depending on the weather.

**14th and Sinex Sewer and Storm Drain Project Update.** The Crews have also been working on the 14th and Sinex Sewer and Storm Drain Project, completing the layout and performing the pot holing to determine underground utilities and depths. This is a complex project that has multiple components, such as storm drains rehabilitation, pipe replacement, both sewer and storm drain, sidewalk installation, curb ramps, and installation of a CDS unit in Central Avenue.

A time frame for this project has yet to be fully determined but is estimated from 4-6 months.
