LAND USE:** C-1/Commercial

**APPLICANT/
OWNER:** Douglas Roberts, AIA, JHW Architects, on behalf of Gerda Marotta Trust, owners

CEQA: Categorical Exemption, Section 15301, Existing Facilities, and Section 15303, New Construction or Conversion of Small Structures

RECOMMENDATION

Receive report, hold public hearing, and approve AP #17-399 based on the findings and subject to the staff-recommended conditions.

BACKGROUND

On April 25, 2017, Douglas Roberts, AIA, of JHW Architects, applied for an Architectural Permit #17-399 for a property located at 167 Central Avenue in Pacific Grove. The permit would allow an existing 2-story commercial building to alter its exterior straight stairs to L-shape to meet the 2016 California Building Standards Code. The proposed project also seeks to replace the wooden stair railing with cable railings, add new doors toward the rear, and replace the storefront windows with bronze aluminum frame and clear glass. There is no change to gross floor area or coverage.

DISCUSSION

Zoning Code

The proposed development is in conformance with all requirements of the C-1 zone.

The new landing for the stairs will be set back more than 41 ft. from the front of the property, which is within the front setback requirement of 0 feet, pursuant to P.G.M.C. §23.31.040. There is no change to site coverage, building coverage, gross floor area, height, or any other setbacks, all of which are allowed pursuant to P.G.M.C. §23.31.040.

Architecture Review Guidelines:

The project proposal appears to adhere to the following Architectural Review Guidelines:

Guideline #38: Exterior materials should be compatible with those that predominate in the area.
The project proposes to use cable railings for the altered stairs, which will match the other existing stairs. The project also proposes to replace the existing storefront windows on the downstairs and upstairs with bronze aluminum frame and clear glass, which will provide a cohesive and improved appearance.

Guideline #36: Design a façade to provide visual interest to the street.
The façade maintains its combination of large storefront windows, brick veneer, and wooden siding. The use of varying materials provides visual interest to the street.

Appendix IV: Window Guidelines (A)(1): As a general rule, consistency of window style and materials within a single structure is strongly encouraged.
The project proposes to replace the existing storefront windows on the downstairs and upstairs with bronze aluminum frame and clear glass, which will help to provide a consistent window style and visually-pleasing aesthetics.

Environmental Determination:

The project qualifies for a Class 1 and Class 3 exemption from CEQA requirements, pursuant to Section 15301(e)(1) – Existing Facilities and Section 15303 – New Construction or Conversion of Small Structures. The proposed addition and alterations do not present any unusual circumstances that would result in a potentially significant environmental impact. The proposed alterations conform to the requirements of the California Environmental Quality Act (CEQA).

ARCHITECTURAL PERMIT #17-399

FOR A PROPERTY LOCATED AT 167 CENTRAL AVENUE TO ALLOW EXTERIOR CHANGES, INCLUDING THE ALTERATION OF EXISTING STAIRS TO L-SHAPE WITH CABLE RAILINGS, REPLACEMENT OF STOREFRONT WINDOWS WITH BRONZE ALUMINUM FRAME AND CLEAR GLASS, AND NEW DOORS. THERE IS NO CHANGE TO GROSS FLOOR AREA OR COVERAGE.

FACTS

1. The subject site is located at 167 Central Ave, Pacific Grove, 93950 (APN 006-237-020)
2. The subject site has a designation of Commercial on the adopted City of Pacific Grove General Plan Land Use Map.
3. The project site is located in the C-1 zoning district.
4. The subject site is a 12,313.93 square feet (0.28 acre) interior lot.
5. The subject property was built in 1981, and is not on the City's Historic Resources Inventory.
6. The subject site is developed with a two-story commercial building for the Monterey Bay Aquarium totaling 14,761 gross square feet.
7. The subject site is located in the Area of Special Biological Significance Watershed.
8. This project has been determined to be CEQA Exempt under CEQA Guidelines 15301/15303.

FINDINGS

1. The proposed development will meet the development regulations set forth in the C-1 zoning district including setbacks and height requirements and;
2. The architecture and general appearance of the completed project is compatible with the neighborhood because the proposed exterior will be compatible with the size, scale and proportions of the existing residence and other residences in the neighborhood, in that the proposal is consistent with Architectural Review Guidelines No. 36, 37, and 38;
3. The completed project will neither be detrimental to the orderly and harmonious development of the city nor impair the desirability of investment or occupation in the neighborhood because the project will be improving the subject property, and;
4. The Board has been guided by and made reference to applicable provisions of the Architectural Review Guidelines in making its determinations.

PERMIT

Architectural Permit (AP) 17-399 to allow exterior changes, including the alteration of existing stairs to L-shape with cable railings, replacement of storefront windows with bronze aluminum frame and clear glass, and new doors. There is no change to gross floor area or coverage.

CONDITIONS OF APPROVAL

1. **Permit Expiration.** This permit shall expire and be null and void if a building permit has not been applied for within one (1) year from and after the date of approval. Application for extension of this approval must be made prior to the expiration date.
2. **Construction Compliance.** All construction must occur in strict compliance with the proposal as set forth in the application, subject to any special conditions of approval herein. Any deviation from approvals must be reviewed and approved by staff, and may require Architectural Review Board approval.
3. **Terms and Conditions.** These terms and conditions shall run with the land, and it is the intention of the CDD Director and the Permittee to bind all future owners and possessors of the subject property to the terms and

conditions, unless amended. Amendments to this permit may be achieved only if an application is made and approved, pursuant to the Zoning Code.

4. **Public Works, Fire and Building.** Review and approval by the Public Works, Fire and Building Departments are required prior to issuance of a building permit. Work taking place in the public right-of-way shall require an encroachment permit prior to issuance of the building permit.
5. **Conformance to Plans.** Development of the site shall conform to approved plans for “Monterey Bay Aquarium – Tenant Improvements” dated April 18, 2017, on file with the Community Development Department and to the Building Code, with the exception of any subsequently approved changes.
6. **Tree Protection Standards During Construction:** Pursuant to Municipal Code Chapters 12.20 and 12.30, and the *Urban Forestry Standards*, all trees that are otherwise protected and will be impacted as a result of Development, both proposed for pruning or removal and where the development will impact the critical root zone of the tree are protected. Prior to issuance of the building permit, the Project Arborist shall review grading, drainage, utility, building and landscape plans to determine impacts to individual Trees, to determine required minimum Tree protection standards during construction.
7. **Street Trees.** One tree must be planted per 30 feet of frontage, with a minimum of two trees
8. **Lighting:** All exterior lighting must conform to Architectural Review Guidelines Nos. 10,11,12
9. **Building Plans:** All conditions of approval for the Planning permit(s) shall be printed on a full size sheet and included with the construction plan set submitted to the Building Department.

NOW, THEREFORE, BE IT RESOLVED BY THE ARCHITECTURAL REVIEW BOARD OF THE CITY OF PACIFIC GROVE:

1. The Board determines that each of the Findings set forth above is true and correct, and by this reference incorporates those Findings as an integral part of this Permit.
2. The Board authorizes Approval of AP 17-399 to allow exterior changes, including the alteration of existing stairs to L-shape with cable railings, replacement of storefront windows with bronze aluminum frame and clear glass, and new doors. There is no change to gross floor area or coverage.
3. This permit shall become effective upon the expiration of the 10-day appeal period.
4. This permit shall not take effect until the owner acknowledges and agrees to all terms and conditions and agrees to conform to and comply with those terms and conditions.

Passed and adopted at a regular meeting of the Architectural Review Board of the City of Pacific Grove on the 9th day of May 2017, by the following vote:
