

**REQUESTS FOR QUALIFICATIONS FROM QUALIFIED ENGINEERING FIRMS TO PERFORM AN
ASSESSMENT OF LOVERS POINT PIER AND DESIGN/ENGINEER REPAIRS**

NOTICE TO CONTRACTORS:

Bid Opening Date: Thursday, August 26, 2021 at 2:00 pm

ADDENDUM NO. 1

Issued: August 9, 2021

The following changes are hereby made to the RFQ submittal requirements or are clarifying questions that the City has received:

1. **Amendment to Exhibit A- Cost Proposal.** Due to the difficulty of estimating Deliverable 2: Plans & Specifications for Repair and Deliverable 3: Construction Management, which will vary based upon the findings of exploratory engineering, the City has modified the Exhibit A – Cost Proposal submittal sheet. See the attached updated Exhibit which shall be submitted with the Firms proposal. In lieu of bidding Deliverables 2 and 3, the firms shall provide a Fee Schedule for all personnel that would be involved in the production of plans and specifications and construction management.

2. **Permitting.** The City received a clarifying question regarding permitting. See the City's response below.

Q: It is possible that regulatory agency permitting will be required for any pier improvements. Are these services anticipated to be part of this scope or to be handled by others?

A: Yes, permits will be required to implement pier improvements. Permitting may also be required as part of the exploratory engineering process depending on the scope of exploration activities.

Firms should account for costs associated with regulatory permitting in their cost proposal for Deliverable 1: Pier Assessment Report depending on their proposed approach to exploratory engineering.

Firms should also include hourly rates for personnel that would be involved in the regulatory permitting process in advance of construction, in accord with the updated Exhibit A – Cost Proposal (attached).

3. **Deadline for Questions.** The deadline for questions relating to this RFQ is 5:00 pm on Friday, August 20, 2021.

Bidder shall sign, date, and include Addendum No. 1 in the bid proposal.
