

CANDIDATE STATEMENT OF QUALIFICATIONS

RECEIVED
CITY MANAGER'S OFFICE

NAME: Bill Peake

2020 JUL 22 A 10:44 AGE: 69

OCCUPATION: Mayor

CITY OF PACIFIC GROVE

As Mayor, I'm determined to make city government responsive to community needs. These are difficult times and decisive actions are necessary to protect our health and well-being. I will continue to fight to reduce health impacts and lay the groundwork for economic recovery.

My highest priority is public safety. This requires voluntary compliance and enforcement of health orders. I support public messaging and safely conducting city operations and services.

I am responding to community feedback. City government must be committed to equality, nondiscrimination, and respect. Can we do more? I've initiated a town hall to start this dialogue.

We must continue to add affordable housing for PG workers.

More can be done to protect our environment. I initiated a coastal wildlife committee and will continue to advocate for environmentally sound management of the Monarch Butterfly Sanctuary and George Washington Park.

Vibrant and responsible tourism is the bedrock of our local economy.

I support cutting regulations and costs to encourage new businesses.

I will continue careful spending. Critical infrastructure: roads/sidewalks/sewers take priority. As revenues return to normal, library and recreation services must be restored.

I believe in transparency, prudent finances, ~~and~~ respectful dialogue.

I'd be honored with your vote.
