

REMOTE PROCEDURES FOR PERMITS, PLAN REVIEW, INSPECTIONS AND CODE ENFORCEMENT DURING COVID-19

In response to Monterey County's Public Health mandatory order issued March 17, 2020, City Hall Community Development Department will be closed to public visitation starting March 18. Most of our staff will begin working remotely to continue services.

Thank you for your patience as we work together to address this unprecedented threat.

Staff are prepared to handle permits, development review, and plan review electronically. Building inspections will continue to be conducted on projects that have an issued permit. The City will consider alternative inspection requests.

PLEASE NOTE: If your gas or electric service has been disconnected or you have an emergency inspection request, please call (831) 233-0188.

Code Enforcement Inspectors will only respond to emergency inspections. Inspections relating to general complaints are suspended until further notice.

Because non-essential personnel must shelter in place, the City will be unable to timely respond to requests for public records, or meet other deadlines, including those under the Permit Streamlining Act. The City considers any such deadlines to be tolled during the period in which employees are required to shelter in place.

Services will be conducted as follows until April 8, 2020 or until further notice. This page will be updated as needed.
