

Storm Drain

Origination Year:	FY 2014/15	Program: Storm Water
Planned Comp Year:	FY 2020-21	
Department:	Public Works	Project Manager: Jessica Kahn / Vince Gentry

Project Description/Scope/Purpose

This project consists of Requires installation of full capture devices in in storm drains that capture runoff from priority land uses/facilities/sites.

Project Evaluation and Analysis

The water quality objective of the proposed Trash Amendments is for trash to not be present in state waters (or in areas adjacent to state waters) in amounts that would either adversely affect beneficial uses, or cause nuisance. Pacific Grove, as a small municipal separate storm sewer system (MS4) may achieve compliance through one of two “Tracks” as defined by the State Water Board:

Track 1: Install, operate, and maintain full capture systems in storm drains that capture runoff from one or more of the priority land uses/facilities/sites.

Track 2: Implement a plan with a combination of full capture systems, multi-benefit projects, institutional controls, and/or other treatment controls to achieve full capture system equivalency.

Fiscal Impact

Proposed Fund/Account Numbers	FY 16/17	FY 17/18	FY 18/19	FY 19/20	FY 20/21	Total
General Fund	25,000	25,000	25,000	25,000	25,000	125,000
