

NOTICE OF MEETING

CITY OF PACIFIC GROVE HISTORIC RESOURCES COMMITTEE REGULAR MEETING AGENDA

3:00 p.m., Wednesday, January 22, 2020

Council Chambers – City Hall – 300 Forest Avenue, Pacific Grove, CA

Copies of the agenda packet are available for review at the Pacific Grove Library temporarily located at the Holman Bldg, 542 Lighthouse Avenue; the CDD counter in City Hall at 300 Forest Avenue, Pacific Grove from 8 a.m. – 12 p.m. and 1 p.m. – 5 p.m., Monday through Thursday; and on the internet at www.cityofpacificgrove.org/hrc. Recordings of the meetings are available on the City website and upon request.

1. Call to Order - 3:00 p.m.

2. Roll Call

HRC Members: Claudia Sawyer (Chair), Mark Travaille, Joseph Rock, Jill Kleiss (Secretary), Mimi Sheridan (Vice-Chair), Rick Steres, Geoff Welch

3. Approval of Agenda

4. Committee Member and Staff Announcements (City-Related Items Only)

5. General Public Comment

General Public Comment must deal with matters subject to the jurisdiction of the City and the HRC that are not on the Regular Agenda. This is the appropriate place to comment as to items on the Consent Agenda, only if you do not wish to have the item pulled for individual consideration by the HRC. Comments from the public will be limited to three minutes and will not receive HRC action. Comments regarding items on the Regular Agenda shall be heard prior to the HRC's consideration of such items at the time such items are called. Whenever possible, written correspondence should be submitted to the HRC in advance of the meeting, to provide adequate time for its consideration.

6. Reports of Council Liaison

7. Items to be Continued or Withdrawn - None

8. Consent Agenda

The Consent Agenda deals with routine and non-controversial matters, and may include action on public hearings for which testimony is not anticipated. The vote on the Consent Agenda shall apply to each item that has not been removed. Any member of the Committee, staff, or the public may remove an item from the Consent Agenda for individual consideration. When items are pulled for discussion, they will be automatically placed at the end of their respective section within the Regular Agenda. One motion shall be made to adopt all non-removed items on the Consent Agenda.

a. Approval of December 18, 2019, HRC Minutes

Recommended Action: Approve minutes

CEQA Status: Does not constitute a "Project" as defined by CEQA Guidelines §15378

Staff Reference: Haroon Noori, Management Analyst

b. Initial Historic Screening Request No. IHS 20-0012, 641 Eardley Ave.

Description: Initial Historic Screening

Applicant/Owner: Nathalia Holt

CEQA status: Not a project under CEQA per §15378

Staff reference: Alyson Hunter, Senior Planner

Recommended action: Determine ineligible for the Historic Resources Inventory

9. Continued Items

None

10. Regular Agenda

For public hearings involving a quasi-judicial determination by the Committee, the proponent of an item may be given 10 minutes to speak and others, either in support or opposition to the project, may be given 3 minutes each.

a. Adopt HRC Resolution 19-02

Project Description: HRC Resolution 19-02 has been created as a follow-up to the action that the HRC took on December 18, 2019, pertaining to the removal of ten (10) properties from the Historic Resources Inventory. This resolution is the record which will be kept in each property's file that indicates the process by which the properties were removed.

Recommendation: Staff recommends that the HRC adopt Resolution 19-02 to memorialize its action on December 18, 2019.

CEQA Status: Given that the subject properties are not historic resources, their removal from the Inventory does not constitute an individual nor cumulative significant negative effect on the environment. The administrative act of removing non-historic resources from the Inventory is not a "Project" per § 15378 of the California Environmental Quality Act (CEQA) Guidelines.

Staff Reference: Alyson Hunter, Senior Planner | ahunter@cityofpacificgrove.org | 831-648-3127

b. Removal of Thirteen (13) Demolished and Two (2) Heavily Modified Properties from the Historic Resources Inventory (HRI)

Project Description: On November 20, 2019, the City Council accepted the Final Historic Resources Inventory (HRI) Survey Update, including the recommendations for deletion, and directed the Historic Resources Committee (HRC) to begin the removal process. The 15 properties below represent the second group of proposed deletions.

Recommendation: Staff recommends that the HRC consider the evidence provided, remove the subject properties from the HRI per PGMC § 23.76.030 and adopt Resolution 20-01 memorializing this action.

CEQA Status: Given that the subject properties are not historic resources, their removal from the Inventory does not constitute an individual nor cumulative significant negative effect on the environment. The administrative act of removing non-historic resources from the Inventory is not a "Project" per § 15378 of the California Environmental Quality Act (CEQA) Guidelines.

Staff Reference: Alyson Hunter, Senior Planner | ahunter@cityofpacificgrove.org | 831-648-3127

11. Presentations and Trainings

None

12. Adjournment. Next meeting is date is February 26, 2020 at 3:00 p.m.

NOTICE OF ADA COMPLIANCE: Pursuant to Title II of the Americans with Disabilities Act (Codified At 42 United States Code Section 12101 and 28 Code of Federal Regulations Part 35), and Section 504 of the Rehabilitation Act of 1973, the City of Pacific Grove does not discriminate on the basis of race, color, religion, national origin, ancestry, sex, disability, age or sexual orientation in the provision of any services, programs, or activities. The City of Pacific Grove does not discriminate against persons with disabilities. City Hall is an accessible facility. A limited number of assisted listening devices will be available at this meeting. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting or provide the requested agenda format.

MINUTES

CITY OF PACIFIC GROVE

HISTORIC RESOURCES COMMITTEE

SPECIAL MEETING

2:00 p.m., Wednesday, December 18, 2019

Council Chambers – City Hall – 300 Forest Avenue, Pacific Grove, CA

1. Call to Order - 2:00 p.m.

2. Roll Call

HRC Members Present: Claudia Sawyer (Chair), Mark Travaille, Mimi Sheridan (Vice-Chair), Rick Steres, Geoff Welch

HRC Members Absent: Joseph Rock, Jill Kleiss (Secretary)

3. Approval of Agenda

On a motion by Vice-Chair Sheridan, seconded by Member Travaille, the Committee voted 5-0-2-0 (Members Rock and Kleiss absent) to approve the Agenda. Motion passed.

4. Committee Member and Staff Announcements (City-Related Items Only)

Alyson Hunter, Senior Planner, and Chair Sawyer noted the errata in which additional information was provided pertaining to items 8B and 10A.

5. General Public Comment

None.

6. Reports of Council Liaison

None.

7. Items to be Continued or Withdrawn

None.

8. Consent Agenda

a. Approval of November 20, 2019, HRC Minutes

Recommended Action: Approve minutes

CEQA Status: Does not constitute a “Project” as defined by CEQA Guidelines §15378

Staff Reference: Haroon Noori, Management Analyst

b. Initial Historic Screening Request No. IHS 19-0737 for 881 Sinex Ave.

Description: Initial Historic Screening

Applicant/Owner: Gary Janikula

CEQA status: Not a project under CEQA

Staff reference: Alyson Hunter, Senior Planner

Recommended action: Determine ineligible for the Historic Resources Inventory

On a motion by Member Welch, seconded by Member Steres, the Committee voted 5-0-2-0 (Members Rock and Kleiss absent) to approve the Consent Agenda. Motion passed.

9. Continued Items

None.

10. Regular Agenda

a. Initial Historic Screening Request No. IHS 19-0736 for 542 Laurel Ave. / 229 Grand Ave.

Description: Initial Historic Screening

Applicant/Owner: Joe Shammas

CEQA status: Not a project under CEQA

Staff reference: Alyson Hunter, Senior Planner

Recommended action: Discuss and make a recommendation of eligibility for the Historic Resources Inventory

Alyson Hunter, Senior Planner, provided a brief staff report.

Chair Sawyer opened the floor to public comment.

Joe Shammas, property owner, spoke regarding this project.

Chair closed floor to the public comment.

The Committee discussed the project.

On a motion by Member Welch, seconded by Member Steres, the Committee voted 5-0-2-0 (Members Rock and Kleiss absent) to find that determination of ineligible cannot be made and that a Phase 1 Historic Assessment is required for any exterior alterations. Motion passed.

b. Removal of Nine (9) Demolished and One (1) Heavily Modified Properties from the Historic Resources Inventory (HRI)

Project Description: On November 20, 2019, the City Council accepted the Final Historic Resources Inventory (HRI) Survey Update, including the recommendations for deletion, and directed the Historic Resources Committee (HRC) to begin the removal process. The 10 properties below represent the first group of proposed deletions.

Recommendation: Staff recommends that the HRC consider the evidence provided and remove the subject properties from the HRI per PGMC § 23.76.030.

CEQA Status: Given that the subject properties are not historic resources, their removal from the Inventory does not constitute an individual nor cumulative significant negative effect on the environment. The administrative act of removing non-historic resources from the Inventory is not a "Project" per § 15378 of the California Environmental Quality Act (CEQA) Guidelines.

Alyson Hunter, Senior Planner, provided a staff report on 207 15th St.

Chair Sawyer opened the floor to public comment.

Kathryn Avila, owner, spoke in favor of removal this property from the HRI.

The Chair closed floor to the public comment.

The Committee discussed the project.

On a motion by Vice-Chair Sheridan, seconded by Member Travaille, the Committee voted 5-0-2-0 (Members Rock and Kleiss absent) to approve removal of the following one (1) property from the Historic Resources Inventory (HRI) per Pacific Grove Municipal Code Section 23.76.030 and based on the information presented in the DPR 523A forms and subject to the California Environmental Quality Act (CEQA) § 15378 exemption. Motion passed.

Initial Historic Screening Determination

Address: 641 Eardley Ave. APN: 006-523-007
Owner: Nathalia Holt Applicant: same

HISTORIC RESOURCES COMMITTEE (HRC) RECOMMENDATION:

At the January 22, 2020 HRC meeting, the Committee prepared the following Preliminary Determination of Ineligibility and forwarded the recommendation to the Community Development Director:

- ☒ Determined to be ineligible as an “Historical Resource,” due to the following criteria:
- ☐ 1. The property has undergone significant alterations to the primary or most visible façade, as evidenced through original plans, photographs or Sanborn maps.
 - _____ (description of known alteration)
 - _____ (type of documentation)
 - ☐ 2a. The property does not exhibit the architectural characteristics of the styles described in Section 7.3 of the General Plan or Section IV of the Historic Context Statement;
or
 - ☒ 2b. The property does not exhibit unique architectural, site or locational characteristics.
 - ☐ 3. The property is not associated with important persons, events or architecture.
- ☐ Determination of ineligibility cannot be made.

HRC Comments:

Claudia Sawyer, HRC Chair

Date

COMMUNITY DEVELOPMENT DIRECTOR (CDD) DETERMINATION:

Based on the recommendation above, the CDD Director, or their designee:

- ☐ Made a determination of ineligibility, which will remain in effect for 10 years from the date of approval.
- ☐ Found that a determination of ineligibility cannot be made, and a Phase 1 Historic Assessment is required.

INDEMNIFICATION CONDITION

In consideration for City review and approval of application in this matter, the Owner/Applicant shall indemnify, defend, protect and hold harmless the City, its elected and appointed officials, officers, agents, and employees (collectively "Indemnitees"), using counsel approved in writing by the City, from and against, any and all liabilities, claims, actions, causes of action, proceedings, suits, damages, judgments, liens, levies, costs and expenses of whatever nature, including reasonable attorneys' fees and disbursements which may accrue against Indemnitees by reason of the City's processing, approval or denial of the request and application in this matter. Indemnification shall include, but shall not be limited to any action, or proceeding brought to attack, set aside, void, annul, limit, or inhibit the approval of the application referenced above, and shall expressly include causes of action under the California Environmental Quality Act (CEQA), or the National Environmental Policy Act (NEPA).

The obligation to indemnify shall include, but not be limited to, all costs relating to preparing administrative records, investigations, responses to discovery, retention of experts, and other costs, including attorney's fees or obligations related to this matter, including actions brought by the Owner/Applicant and also extend to any expense incurred in establishing the City's right to indemnification. City expenses shall be paid by Owner/Applicant upon City request notwithstanding final disposition of the matter has not yet occurred. If the City is later determined to not be entitled to indemnification, the City shall repay amounts so advanced.

This indemnification condition is the Owner/Applicant's inducement to the City to process and approve the application, which approval would otherwise be withheld by City due to its concern for liability or expense that may result from performance of the City's duties. Should any dispute arise regarding interpretation of this condition, the prevailing party shall recover all reasonable costs incurred, including court costs, attorney fees and related expenses. Recovery of expenses shall be as additional costs awarded to the prevailing party, and shall not require initiation of a separate legal proceeding.

This indemnification condition shall not require the Owner/Applicant to indemnify the City or other Indemnities: (a) to the extent that an obligation is actually paid by an insurer pursuant to an insurance policy; (b) in connection with any remuneration paid to the City, if it shall be finally adjudged that such remuneration was in violation of law; or (c) on account of the City's misconduct if such misconduct shall be finally adjudged to have been knowingly fraudulent, deliberately dishonest or willful.

Any permit or other approval given by the City to the Owner/Applicant Guarantor shall be valid only so long as this indemnification condition is given full force and effect. If this indemnification condition is revoked, the permit or other approval of the City shall then become null and void.

Owner/Applicant represents it (and any subsidiary) is (a) duly formed and organized, (b) validly existing and in good standing under state law, and (c) has all necessary power to execute and deliver this document and perform its obligations. Owner/Applicant also represents it is authorized to enter into this agreement by all requisite partnership, corporate or other action, and its terms are a valid and legally binding obligation. Neither execution nor delivery of this document nor performance of its obligations will violate any law or provision of any agreement, articles of incorporation, by-laws or other organizational or governing documents relating to Owner/Applicant, nor conflict with any court order relating to Owner/Applicant.

PETITION FOR BUILDING PERMIT

UNDER ORDINANCE NO. 149 OF THE CITY OF PACIFIC GROVE, CALIFORNIA

To the Honorable Board of Trustees and City Clerk of the City of Pacific Grove, California:

Application is hereby made for a permit to single family residence a building on
Lot No. 11 in Block No. 154, 5th Addition to Pacific
Grove Retreat Grounds, at No. Civ. Eadley + Gibson Street, according to Plans
and Specifications herewith presented, as follows:

(Note: If plans and specifications have been prepared a copy of same must be filed with the City Clerk with this petition.)

Size 40 x 30 Size of Flues 8" x 10" 8" x 8"
Stories 1 Fireplaces 1
Foundation concrete Toilets 1
Basement — Baths 1
Sides plaster + stucco Outside Finish stucco
Roof tile + concrete Inside Finish plaster
Floors pine + oak Time necessary to do the work —
Number of Rooms 4 Estimated Cost \$3,500
Chimneys 2 brick

To properly carry on said work it will be necessary to partially obstruct
_____ Street _____ for a period of _____ days. I therefore ask permission to obstruct
said street _____ during the period necessary for doing said work, diligently prosecuted, under the conditions and restraints pro-
vided for in Ordinance No. 149 of the City of Pacific Grove.

Dated Aug 1, 1929 Lee C. Johnson H. Clark
Petitioner.

HRC Resolution 19-02

RESOLUTION NO. 19-02

HISTORIC DETERMINATION FOR THE DELETION OF TEN (10) PROPERTIES FROM THE CITY OF PACIFIC GROVE'S HISTORIC RESOURCES INVENTORY AS REFERENCED IN THE TABLE BELOW

FACTS

1. In 2018, the City Council of the City of Pacific Grove directed the Community Development Department to undertake the task of updating the City's Historic Resources Inventory (Inventory).
2. To assist with the effort, the City contracted with Page & Turnbull, a qualified historic consulting firm which, as a result of field work and research, prepared the Historic Resources Inventory Update Survey Report (Report) which was finalized and accepted by the City Council on November 20, 2019.
3. The Report analyzed every one of the 1,303 buildings currently on the Inventory, prepared Dept. of Parks & Recreation (DPR) Form 523 documents for each property, and recommended the removal of 371 (28%) of the properties from the Inventory due to changes over time resulting in the loss of historic integrity and/or significance.
4. Of these 371 properties, approximately twenty-two (22) of them remained on the Inventory in error as the original historic resource had since been demolished. The following table represents the first nine properties that fall into this category. The tenth property (207 15th Street) was added to this first review as the owner was currently in the process of obtaining permits for exterior alterations that were on hold because of the property's inclusion on the HRI.

| Property Address | Assessor Parcel No. | Property Owner | Reason for Removal from the HRI | Year Built |
|--------------------------|---------------------|------------------------|---------------------------------|-------------------------|
| 116 2 nd St. | 006-222-004 | Paci, C. | Resource was Demolished | 1972 (newer constr.) |
| 129 6 th St. | 006-206-011 | Goings, M. | Resource was Demolished | 1990 (new constr.) |
| 307 8 th St. | 006-265-015 | Pauly, J. & Butt, K. | Resource was Demolished | 1958 (newer constr.) |
| 215 12 th St. | 006-274-009 | Silveira, J. & D. | Resource was Demolished | 1969 (newer constr.) |
| 156 13 th St. | 006-176-010 | Mar, J. & McCarthy, M. | Resource was Demolished | 2012 (new constr.) |
| 116 16 th St. | 006-154-007 | Field, D. & L. | Resource was Demolished | c. 1973 (newer constr.) |
| 208 17 th St. | 006-293-026 | Stillwell, R. | Resource was Demolished | c. 1987 (new constr.) |
| 223 17 th St. | 006-294-007 | Bain, P. | Resource was Demolished | 1990 (new constr.) |
| 116 18 th St. | 006-152-008 | Forgy, S. | Resource was Demolished | 1997 (new constr.) |
| 207 15th St. | 006-271-017 | Avila, K. | No Historic Integrity | 1885 |

FINDINGS

1. The Historic Resources Committee has determined that the properties listed above shall be removed from Pacific Grove's Historic Resources Inventory based on the criteria listed in PGMC 23.76.025 and the recommendation of the qualified consultant, Page & Turnbull, on the individual properties' DPR 523 Forms of "6L" or "6Z" signifying ineligibility for local, state or national listing.

2. The Historic Resources Committee has determined that this action does not constitute a “Project” as defined under California Environmental Quality Act (CEQA) Section 15378 which addresses organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment. This section can be used if the Committee finds that the property was placed on the Inventory in error or the property no longer retains historic integrity and/or significance and cannot be considered a historic resource.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE HISTORIC RESOURCES COMMITTEE OF THE CITY OF PACIFIC GROVE THAT:

1. On December 18, 2019, the Historic Resources Committee determined that, based on observation and the information on the DPR forms provided, the buildings listed herein be removed from the Historic Resources Inventory per PGMC 23.76.030. This administrative action is not a “Project” per 15378 of the CEQA Guidelines.
2. The Historic Resources Committee further determines that each of the Findings set forth above is true and correct, and by this reference incorporates those Findings as an integral part of this Resolution.
3. The properties referenced in the table above no longer meet the criteria for eligibility per PGMC §23.76.025.
4. This Resolution shall become effective upon the expiration of the 10-day appeal period.

PASSED AND ADOPTED BY THE HISTORIC RESOURCES COMMITTEE OF THE CITY OF PACIFIC GROVE this 22nd day of January, 2020, by the following vote:

| | |

PROJECT DESCRIPTION: Historic Determination (HD) for Fifteen (15) Properties Recommended for Removal from the Historic Resources Inventory (HRI) due to Lack of Eligibility

APPLICANT/OWNER: City of Pacific Grove / Various Owners

ZONING/LAND USE: Various Zoning Districts

CEQA: Not a "Project" per § 15378 of the California Environmental Quality Act (CEQA) Guidelines.

RECOMMENDATION

Approve the Historic Determination permits and remove the subject properties from the Historic Resources Inventory (HRI) subject to the requirements of the Pacific Grove Municipal Code (PGMC) [§ 23.76.030](#) and a finding that the removal of the subject properties is not a project per § 15378 of the CEQA Guidelines.

DISCUSSION

Background

The City's architectural heritage has been an important part of Pacific Grove's identity since its incorporation in 1889. From the Methodist Retreat era through the important periods of development identified in our Historic Context Statement and User Guide (Page & Turnbull, 2011), the preservation of unique buildings has been a priority. In 1978, the original HRI was developed using volunteer community members. This inventory has been modified over the years resulting in the inclusion of approximately 1,280 properties. In the ensuing years, it has become apparent that the historic integrity and/or historic significance of many of the properties have been lost and the properties should no longer be included on the HRI. Conversely, there are likely quite a few properties that should be included on the HRI which might be a future project worth consideration.

Benefits of the HRI Update

- 1) Strengthens the validity and soundness of the HRI
- 2) Allows for more accurate consideration of impacts to historical resources for zoning decisions and permit approvals
- 3) Protects the City's important historical resources from substantial alteration and demolition
- 4) Supports local heritage tourism
- 5) Clarifies the City's permit application and CEQA review processes
- 6) Saves property owners time and money
- 7) Allows for appropriate response to a major disaster

Additionally, removing the restrictions from properties that are not historic resources will result in greater development flexibility toward meeting the City's Housing Goals.

HRI Update Project

Following up on the Historic Context Statement (Page & Turnbull, 2011) which recommended, among other things, the continued updating of the HRI, Page & Turnbull was contracted in 2018 to assist with this effort. Approximately 1,303 buildings (\pm 1,208 properties) that had been previously identified as historically significant or potentially historically significant were re-evaluated to determine their integrity and eligibility for listing in the updated HRI.

The City, with the assistance of Page & Turnbull, held two (2) community meetings; one in July 2018 and another in March 2019. Owners of all of the currently-listed properties were invited to attend and each of the meetings had over 50 attendees. Staff also made a presentation to the Pacific Grove Heritage Society Board of Directors in February 2019.

The public draft report was released in February 2019. City staff received over 50 comments from owners and interested citizens which were forwarded to the consultant to be addressed in the final report. Responses to comments are included in the report appendices. Also included as appendices are three (3) tables indicating:

- 1) Properties to remain on the HRI (932) or 72% of the current list;
- 2) Properties proposed to be removed (371) or 28%; and
- 3) Properties proposed to be removed from the HRI, but included on a new Neighborhood Character List (203), or 16%, which is a subset of the removal list.

As a result of the City Council's action on November 20, 2019, wherein the Council accepted the [Final HRI Survey Update Report](#) (and provided separately), the HRC is directed to begin the formal removal of those properties in category (2) above. The subject group of properties, shown in the table below, are those that the consultant has identified as either demolished (the former resource was demolished and the HRI not correctly updated so that new development has retained its place on the Inventory) or that the City has an active Building or Planning Permit on and removal could affect the scope of the project currently underway.

| | Property Address | Assessor Parcel No. | Property Owner | Reason for Removal from the HRI | Year Built (New Constr.) |
|----|--------------------------|------------------------------|------------------------|---|--|
| 1 | 124 19 th St. | 006-151-011 | Pentz, G. & C | Resource demolished 1990 | 1990 (new constr.) |
| 2 | 405 19 th St. | 006-472-010 | Campell, D. & R. | Resource demolished 1991 | 1994 (new constr.) |
| 3 | 871 Balboa Av. | 006-064-004 | Frances, G. & B. | Effectively demolished | 1943 (newer constr.) |

| 9 | 301 Grand Av. | 006-287-012 | Mansour, M. | Resource demolished 2018 | New develop. under constr. |
| 10 | 263 Grove Acre | 006-361-034 (1073 LH Av.) | City of Pacific Grove | Del Monte Military Academy demolished c. 2013 | Butterfly Sanctuary |
| 11 | 560 Junipero Av. | 006-487-006 | Van De Velde, V. | Resource demolished 1962 | Existing triplex built 1962 |
| 12 | 209 Monterey Av. | 006-262-009 | Herrera, T. & S. | Resource demolished | 2009 (new constr.) |
| 13 | 541 Pine Av. | 006-483-012 | Boddington, J. & C. | Resource demolished | Apts built 1987 |
| 14 | 218 Park St. | 006-304-002 | Gionfriddo, R. & D. | Reconstructed in 2012 | Significant addition authorized by HRC 2018 |
| 15 | 155 14 th St. | 006-176-006 | Locasio, J & N.H. | Heavily modified | Significant alterations authorized by HRC 2018 |

The full report with all appendices – including all of the Department of Parks & Recreation (DPR) forms - can be viewed on the Community Development Department's [website](#).

218 Park Street and 155 14th Street

218 Park Street – this property has conflicting DPR forms and historic assessments. Given that the existing duplex was completely reconstructed (cladding, windows, roof, new porches and doors) in 2012 and that the HRC recently approved a 1,208 sq. ft., two-story garage and residential addition which will substantially subsume the existing structure, the City's consultant, Page & Turnbull has verbally reaffirmed its recommendation of 6Z (not eligible) on the 2018 DPR form (attached). The owner is preparing to submit building plans.

155 14th Street – this property has been heavily modified over the years with only the top of the gable-end roof of the original c. 1895 Queen Anne home still visible. In 2018, the HRC approved more modifications intended to bring the property into zoning compliance. The owner has submitted building plans and the approved alterations are underway.

Neighborhood Character List

In response to considerable public feedback throughout the review process expressing concern that the removal of many of the properties proposed would result in a loss of community character,

Page & Turnbull proposed a *Neighborhood Character List* (NCL) consisting of 203 properties that, although not eligible for the HRI, do retain architectural features and/or interest that contribute to Pacific Grove's overall aesthetic. To be clear, these properties would be removed from the HRI and, therefore, deemed to not be historic. Future exterior alterations would be reviewed in accordance to PGMC [§23.70](#). The NCL has no regulatory authority over architectural review other than what is required in PGMC §23.70. In reviewing architectural permits, the ARB would consider the [Architectural Review Guidelines for Single-Family Residences](#) and could include [Appendix I](#) of the Guidelines which includes additional guidelines for working on historic buildings.

Note: None of the fifteen (15) properties currently under review are proposed for the new NCL.

Resolution 20-01

The attached Resolution 20-01 reflect the action of the HRC on January 22, 2020. This Resolution, and those following, will be added to each property file in an effort to ensure that accurate record keeping occurs moving forward in the deletion process.

California Environmental Quality Act (CEQA)

Having an up-to-date and accurate historic inventory is important to the City, primarily in terms of the California Environmental Quality Act (CEQA) which considers historic resources part of the environment; therefore, significant changes to these resources may result in a significant negative impact on the environment. California law requires that every land use permit assess the project's potential impact on the environment. Most of the projects the City reviews through the permitting process fall under one (1) or more CEQA exemptions. Being on the HRI triggers a higher level of CEQA review (the preparation of a Phase II Historic Assessment, for example) which adds a cost burden to many projects that are not *technically* historic resources.

Furthermore, the deletion of non-historic properties that were added to an inventory without the required historic review and assessment at the time and/or the deletion of properties that have lost their historic significance or integrity over time, as demonstrated by professional review, is not subject to CEQA per §15378. This section defines "project" and activities that may have a direct or indirect effect on the environment. Since the properties recommended for removal from the HRI have been found ineligible for the HRI, they are no longer considered historic resources. As such, the removal of non-historic resources will not have a cumulative significant impact on the environment. Henceforth, exterior alterations to buildings removed from the HRI would still require architectural review by either staff or the Architectural Review Board (ARB) in accordance to [Chapter 23.70](#) of the Pacific Grove Municipal Code (PGMC).

Historic Name:

Original Use: Residential

Present Use: Residential

Original Owner:

Architect/Builder:

Significance

Pacific Grove Historic Context Statement Theme: Property does not appear to meet any criteria historic significance.

Period of Development: Not Applicable

Integrity: Demolished

Period of Significance: Not Applicable

Eligible for Pacific Grove HRI: No

Level of Significance: Not Applicable

Appears Individually Eligible for National Register and/or California Register: No

California Historic Resource Status Codes: 6Z

Evaluation Notes: Sanborn maps and 1977 DPR forms indicate a one story building. Current two-story configuration with garage has no apparent resemblance to the original residence. 1905 building appears to have been demolished and replaced with a new building in 1990, based on Monterey County Assessor data.

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under the provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B License Number 581837

Contractor W. J. Malmoney

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 — commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

☐ I am exempt under Sec. B. & P.C. for this reason

Applicant Date

WORKERS' COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure or a certificate of Worker's Compensation Insurance, or a certified copy thereof (Sec. 3800, Lab. C).

Policy No. Company
☐ Certified Copy is hereby furnished. ☐ Certified copy is filed with the city building inspection department or

LICENSED CONTRACTORS DECLARATION
I hereby affirm that I am licensed under the provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class License Number

OWNER-BUILDER DECLARATION
I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5, Business and Professions Code): Any city which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 — commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code). The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code). The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law)

☐ I am exempt under Sec. B. & P.C. for this reason

Historic Name: Mitchell House

Original Use: Residential

Present Use: Residential

Original Owner:

Architect/Builder:

Significance

Pacific Grove Historic Context Statement Theme: Property does not appear to meet any criteria historic significance.

Period of Development: Not Applicable

Integrity: Demolished

Period of Significance: Not Applicable

Eligible for Pacific Grove HRI: No

Level of Significance: Not Applicable

Appears Individually Eligible for National Register and/or California Register: No

California Historic Resource Status Codes: 6Z

Evaluation Notes: A very small square, one-story residence is shown on the 1905 Sanborn map. The residence was somewhat expanded by 1914. The current house is a large, 2-story L-plan house that does not resemble the historic house, and Assessor records indicate that it was built in 1988. The historic house appears to have been demolished.

4. Present owner, if known: Robt & Rose Downey Address: PO Box 01
City: Pacific Grove, Ca ZIP: 93950 Ownership is: Public ☐ Private ☒
5. Present Use: Private Residence Original Use: Private Residence
Other past uses: _____

DESCRIPTION

6. Briefly describe the present physical appearance of the site or structure and describe any major alterations from its original condition:

This is a one story house with medium pitched roof, plain boxed cornice, board and batten siding, new windows and 2 additions on the back.

7. Locational sketch map (draw and label site and surrounding streets, roads, and prominent landmarks):

8. Approximate property size:

Lot size (in feet) Frontage 60
Depth 60
or approx. acreage _____

9. Condition: (check one)

Excellent ☐ b. Good ☐ c. Fair ☒
Deteriorated ☐ e. No longer in existence ☐
feature a. Altered? ☒ b. Unaltered? ☐

Findings: (Check more than one if necessary)

Open land ☐ b. Scattered buildings ☐
Densely built-up ☐ d. Residential ☒
Commercial ☐ f. Industrial ☐
Other ☐

Access to site:

Well known ☒ b. Private development ☐
Zoning ☐ d. Public Works project ☐
Vandalism ☐ f. Other ☐

Date(s) of enclosed photograph(s):

1977

NOTE: The following (Items 14-19) are for structures only.

14. Primary exterior building material: a. Stone ☐ b. Brick ☐ c. Stucco ☐ d. Adobe ☐ e. Wood ☒
f. Other ☐
15. Is the structure: a. On its original site? ☒ b. Moved? ☐ c. Unknown? ☐
16. Year of initial construction 1899 This date is: a. Factual ☒ b. Estimated ☐
17. Architect (if known): _____
18. Builder (if known): _____
19. Related features: a. Barn ☐ b. Carriage house ☐ c. Outhouse ☐ d. Shed(s) ☐ e. Formal garden(s) ☐
f. Windmill ☐ g. Watertower/tankhouse ☐ h. Other ☐ garage i. None ☐

SIGNIFICANCE

20. Briefly state historical and/or architectural importance (include dates, events, and persons associated with the site when known):

This house, being of victorian style, adds to the total character of Pacific Grove.

21. Main theme of the historic resource: (Check only one): a. Architecture ☒ b. Arts & Leisure ☐
c. Economic/Industrial ☐ d. Exploration/Settlement ☐ e. Government ☐ f. Military ☐
g. Religion ☐ h. Social/Education ☐

Notice to Vacate/Demolish Structure

NOTICE AND ORDER
NOTICE TO VACATE
NOTICE TO DEMOLISH

Dear Manal Mansour TR:

Our records indicate that you are the owner of the above-referenced property. On December 13, 2017 a site inspection was conducted by the Building Official, Structural Engineer and Project Manager at the above-referenced property. Based on this site inspection and consultation with the Structural Engineer (latter attached), the Building Official of the City of Pacific Grove determined that this structure is dilapidated and has become so out of repair, that it is deemed to be dangerous, unsanitary, unsafe, or otherwise unfit for human habitation or occupancy.

Due to the conditions stated above, this building is ordered to be vacated and demolished in accordance with **Section 108 and Section 110 of the 2015 International Property Maintenance Code (IPMC)**. A brief description of the conditions found to render this structure unsafe, unfit for human occupancy and potentially dangerous is as follows:

Section 108.1.5 and Section 110 IPMC- Dangerous structure or premises:

- A. The buildings lack a proper foundation (304.5 IPMC, 2015);
- B. the exterior surfaces have decayed to a point of allowing water to enter the building (304.2 IPMC, 2015);
- C. the structural members are not properly maintained and are in a deteriorated condition (304.4 IPMC, 2015); and
- D. the existing building lacks the required occupancy separations.

As such, the Building Official of the City of Pacific Grove has determined that the structure is ordered to be vacated and demolished in accordance with **Section 108 and Section 110 of the 2015 International Property Maintenance Code (IPMC)**.

As such, you are required to comply with the following by January 31, 2018:

- Vacate the 3-residential units;

- remove the "eyebrow" door covers on the Laurel St frontage;
- contact Water Management (658.5601) for inspection and to document all plumbing fixtures;
- complete a hazardous material survey and application with the Air Pollution Control District (MBUAPCD/647.9411) for demolition approval **PRIOR** to removing any material from the building;
- contact the Sewer Agency, (MRWPCA/372.3367) to advise of the demolition;
- contact PG&E to obtain a utility disconnect letter; and
- acquire a demolition permit from the Building Department

Any person having any record title or legal interest in the building may appeal from this notice and order or any action of the Building Official to the Board of Appeals, provided the appeal is made in writing as provided in the International Property Maintenance Code, 2015 and filed with the Building Official within 20 days from the date of service of this notice and order.

Failure to appeal will constitute a waiver of all right to an administrative hearing and determination of the matter.

Filing of an appeal does not negate the requirement to take the above-required actions within the times specified.

If the above deadlines are not met you will be subject to the payment of fines and all costs incurred by the City of Pacific Grove to abate this matter. The City of Pacific Grove reserves the right to file a lien in accordance with the International Property Maintenance Code, 2015, Section 106.3, which states: "...Any action taken by the authority having jurisdiction on such premises shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate."

Please call our office at (831) 646.5642 if you have any questions regarding this matter.

Sincerely,

John D. Kuehl
Building Official

Pacific Grove, CA 93950

RE: 301 GRAND AVENUE, PACIFIC GROVE, CALIFORNIA

Dear Mr. John Kuehl;

On November 20, 2017 and December 13, 2017, I inspected the mixed use commercial/residential building located along Laurel Avenue between Grand and Fountain Avenues in Pacific Grove. The existing structure consists of a multi-story wood framed structure with two story portions along Grand and Fountain Avenues (commercial use at the first level and residential use on the second level). The two story portions are connected by a single story wood framed structure previously used as a commercial space that fronts along Laurel Avenue. The structure is in clear view of a public way and the dilapidation and deterioration of the exterior finish is evident. The differential settlement of the exterior walls and framing is evident. The main level commercial areas (except for the salon along Grand Avenue) have been vacated over a period of time and ordinary maintenance has not been completed. The ceiling and upper level floor framing members have been exposed and are not sufficient to support the anticipated design loads. The underfloor area has been exposed and the existing floor framing members are not sufficient to support the required design loads. A continuous perimeter foundation does not exist and in areas where sections of concrete exists under the exterior wall, the concrete configuration, dimensions and anchorage is inadequate to act as foundation support.

This structure can be declared a substandard structure under the California Health and Safety Code Sections 17920.3 (a) 13, (b) 1, 2, 4, 5, and 6, (g) which read:

- | | |
|----------------|--|
| 17920.3 (a) 13 | <i>General dilapidation or improper maintenance.</i> |
| 17920.3 (b) 1 | <i>Deteriorated or inadequate foundations.</i> |
| 17920.3 (b) 2 | <i>Defective or deteriorated flooring or floor supports.</i> |
| 17920.3 (b) 4 | <i>Members or walls, partitions, or other vertical supports that split, lean, list, or buckle due to defective material or deterioration.</i> |
| 17920.3 (b) 6 | <i>Members of ceilings, roofs, ceilings and roof supports, or other horizontal members which sag, split, or buckle due to defective material or deterioration.</i> |

December 14, 2017
Page 2

- 17920.3 (b) 7 *Members of ceiling, roofs, ceiling and roof supports, or other horizontal members that are of insufficient size to carry imposed loads with safety.*
- 17920.3 (g) *Faulty weather protection, which shall include, but not limited to, the following:*
- (1) Deteriorated, crumbling, or loose plaster.*
 - (2) Deteriorated or ineffective waterproofing of exterior walls, roof, foundations, or floors, including broken windows or doors.*
 - (3) Defective or lack of weather protection for exterior wall coverings, including lack of paint, or weathering due to lack of paint or other approved protective covering.*
 - (4) Broken, rotted, split, or buckled exterior wall coverings or roof coverings.*

The 2016 California Historic Building Code, Section 8-102.1.5 states "a qualified historical building or property is determined to be unsafe as defined in the regular code, the requirements of the CHBC are applicable to the work necessary to correct the unsafe condition." Section 8-703.1 and Section 8-705 identifies the requirements to survey the structure for load path continuity, deterioration, and signs of distress. The existing residence has signs of distress in the ceiling framing, wall framing, and floor framing. The vertical load path has been compromised by the deterioration of the existing wall support system and lack of foundation. The lateral-force-resisting system does not have a complete and continuous load path, including connections, from every portion of the structure to the ground.

The existing structure is in the advanced stages of dilapidation and deterioration that would require a complete structural frame to remove the structural deficiencies of the structure. The repair necessary to provide a structural frame adequate to resist the design loads will require the dismantling of the existing structure. This structure is beyond standard repair of "replace in-kind."

It is my opinion the necessary improvements to the existing structure to remove the dangers to life, health and safety to the public and occupants (including persons performing the repair) would include a complete structural frame and re-build of the entire structure.

If you need any additional information, please contact my office at 831-754-0545.

Sincerely,

TALUBAN ENGINEERING, INC.

Approved by City Council October 19, 2011.

RESOLUTION NO. 05-117
RESOLUTION OF THE ARCHITECTURAL REVIEW BOARD OF THE CITY OF
PACIFIC GROVE, STATE OF CALIFORNIA
HISTORIC RELOCATION PERMIT APPLICATION NO. 05-56
HISTORIC PRESERVATION PERMIT APPLICATION NO. 05-0195
AND TREE REMOVAL PERMIT APPLICATION NO. CDD 58229

WHEREAS, Peter Davis and Marshall Harris, have made application to the Pacific Grove Architectural Review Board for an historic preservation permit in accordance with Title 23 of the Pacific Grove Municipal Code for proposed relocation, on the same site, of a single-family dwelling with nonconforming setbacks, which is listed on the Historic Resources Inventory. The project includes the demolition and reconstruction of an enclosed front porch and first and second story additions, including a two-car garage. The relocated building encroaches into the required front yard, rear yard and north side yard setbacks. The proposed project includes the removal of eight Coast live oak and ten Monterey cypress trees, generally located at 209 Monterey Avenue, in the City of Pacific Grove, County of Monterey, State of California.

WHEREAS, the Architectural Review Board held a duly noticed public hearing at the meeting of December 13, 2005.

NOW, THEREFORE, THE ARCHITECTURAL REVIEW BOARD OF THE CITY OF PACIFIC GROVE DOES RESOLVE AS FOLLOWS:

This Architectural Review Board has found and determined that the granting of the Historic Relocation, Historic Preservation and Tree Permit Applications will be consistent with Sections 23.76.100, 23.76.060 and 12.16.2120 of the Pacific Grove Municipal Code and bases said findings and conclusions on the following facts.

FINDING FOR THE APPROVAL OF A HISTORIC RELOCATION PERMIT

The proposed relocation is consistent with the purposes and goals of the City's historic preservation policies because:

1. The proposed project is consistent with the purposes of Municipal Code Section 23.76.010, and the General Plan as cited in this report;
2. As conditioned, relocating the structure on the same site does not diminish the historic character of the building nor its relationship to the immediate streetscape, because a defined pattern to the placement of historic building is not present within the immediate vicinity of the subject site.

FINDINGS FOR THE APPROVAL OF THE HISTORIC PRESERVATION PERMIT

Granting the requested exceptions is necessary for the preservation and restoration of the historic building because:

1. The proposed project includes the construction of a new foundation and restoration and rehabilitation of the original materials and features of the residence which furthers the City's goals of maintaining historic structures in good repair;
2. The placement of the proposed additions minimizes impact to the historic integrity of the existing structure.
3. Approval allows the property owner to construct improvements to the site and dwelling while preserving character-defining features of the historic residence that are consistent with the traditional scale of development on the site and in the neighborhood.

FINDING FOR THE APPROVAL OF TREE REMOVAL PERMIT APPLICATION

As conditioned, approval of the tree permit allows reasonable development of improvements to the site because:

1. The trees, due to their location with respect to setbacks, topography and the existing buildings on the site prevent reasonable development of the site;
2. The site is not capable of supporting and maintaining healthy replacement trees at a ratio of two to one;

This Architectural Review Board hereby grants and issues Historic Relocation Permit No. 05-56, Historic Preservation Permit No. 05-0195, and Tree Removal No. CDD 58229 subject to the following conditions of approval.

Standard Conditions:

1. This permit shall be revoked if a building permit is not applied for within one year from date of approval. Application for extension of this approval must be made prior to the expiration date.
2. Review and approval by the Public Works Department is required prior to issuance of a building permit. If required, the applicant shall obtain an encroachment permit from the Public Works Department prior to issuance of the building permit.
3. Construction shall not commence until a copy of the resolution signed by the permittee or authorized agent, acknowledging receipt of the permits and acceptance of the terms and conditions, is returned to the Community Development Department.
4. All construction must occur in strict compliance with the proposal as set forth in the applications for permits, subject to any special conditions set forth below. Any deviation from the approved plans must be reviewed and approved by the staff and may require Architectural Review Board approval.
5. These terms and conditions shall be perpetual, and it is the intention of the Architectural Review Board and the permittee to bind all future owners and possessors of the subject property to these terms and conditions.

Special Conditions of Approval:

1. Prior to issuance of the building permit, the building shall be properly braced and reinforced, subject to review and approval of the Chief Building Inspector, to prevent incidental damage from occurring to the historic structure during its relocation on the site.
2. Prior to issuance of the tree removal permit, the applicant shall submit to the City of Pacific Grove, in-lieu fees for 21 replacement trees to be replanted elsewhere in the City under the direction of the Department of Public Works.
3. No trees shall be removed from the site prior to issuance of the building permit.

Standard Tree Protection Measures:

1. Erect chain link, snowdrift or field fence around all trees on the site. Fencing shall not be located closer than 5' from the outside edge of the trunk unless a lesser distance is recommended by a licensed arborist qualified by the City and shown on the project plans. Fencing shall be rigidly supported and shall stand a minimum height of 4' above grade. Fencing shall be installed prior to issuance of a building permit and shall remain in place until final approval of the building permit.
2. Submit a trenching pathway plan including tree and root zone location to the Public Works Department for review and approval prior to issuance of a building permit.
3. Excavation/trenching within 3x's the diameter of a tree shall be staked for review and approved by the Public Works Department Director prior to issuance of a building permit.
4. Water is required to drain away from the base of any tree.
5. Roots larger than 2" in diameter encountered during excavation/trenching are required to be bridged or tunneled. The Public Works Department Director, his designate, or a certified arborist is required to be present during excavation/trenching. The applicant/property owner, or their representative, shall schedule the excavation/trenching work with the Public Works Department Director a minimum of five working days prior to the commencement of work.
6. Roots approved to be cut are required to be clean cut and sealed.
7. Fill dirt shall not be placed within 10 feet of the base of any tree.
8. Root crown grade is required to remain at the same level and shall not be raised or lowered.
9. Signs, wires, pulleys, etc. are not to be fastened to trees.
10. Paintbrushes and tools shall not be cleaned over tree roots.
11. Spray the lower 6' of trees scheduled for preservation with an appropriate insecticide as recommended by a licensed pest control advisor.

12. Chemical wastes (paint thinner, etc.) shall be disposed of properly and shall not be drained on the site. Consult Monterey Regional Waste Management District for information concerning disposal of chemical wastes.

PASSED AND ADOPTED BY THE ARCHITECTURAL REVIEW BOARD OF THE CITY OF PACIFIC GROVE this 13th day of December, 2005, by the following vote for Historic Relocation Permit:

AYES: Billstrom, Hinshaw, Howe, Prew, and Spradling
NOES: Tarmina

PASSED AND ADOPTED BY THE ARCHITECTURAL REVIEW BOARD OF THE CITY OF PACIFIC GROVE this 13th day of December, 2005, by the following vote for Tree Removal Permit:

AYES: Billstrom, Hinshaw, Howe, Prew, and Spradling
NOES: Tarmina
ABSTAIN: None

Doug Howe, Chairperson

ATTEST:

Sally Rideout, Acting Secretary

This permit is hereby accepted upon the express terms and conditions hereof, and shall have no force or effect unless and until agreed to, in writing, by applicant and property owner(s). The undersigned hereby acknowledge the approved terms and conditions, and, agree to fully conform to and comply with said terms and conditions.

DEC 1 2011

COMMUNITY DEV. DEPT.

Dear Ms. Hafner:

Introduction:

This Focused Phase II Assessment has been prepared on behalf of Mr. Ken Mannina, et. al. as part of an application to replace the severely deteriorated exterior wall cladding on the historic property located at 218 Park St. (APN# 006-304-002), in Pacific Grove.

Historical Background & Description:

The subject property, An altered c. 1897 wood-framed vernacular cottage, remodeled to a duplex in c. 1926. It is listed as #1145 in the Pacific Grove Historic Resource Survey, dated January 1, 2007. Character-defining features of the property include pre-1926 vertical board-and-batten wall cladding (removed), barn-like flared roof, central interior brick chimney, and tall, single, paired and banked wood casement windows.

Evaluation:

In question is the full replacement of the exterior wall cladding with new, in kind board-and-batten wood siding, similar in material (redwood), appearance and character to that found on the building envelope prior to 1926.

The existing exterior wood siding was removed by the applicants to apply a substrate of waterproof membrane to the building envelope prior to the reapplication of the original wall cladding.

During this process the Pacific Grove Building Inspector, Mr. David Cushman found that much of the early siding was damaged beyond repair. A recent reinspection of the remaining wall cladding by Mr. Cushman, on 10/13/2011, found that this material was also damaged beyond repair.

Standard #6 of the Secretary of the Interior's Standards for Rehabilitation states that, "deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature (in this instance the exterior wall cladding) the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. The Standards also recommend replacing, in kind, an entire wood feature that is too deteriorated to repair-if the overall form and detailing are still evident-using physical evidence to guide the new work.

Impacts of the Proposed Project:

The original board-and-batten exterior wall-cladding is of generally 1" circular-sawn redwood, in random lengths and widths. The owners propose to employ 1" by 12" circular-sawn redwood for the replacement material. Their intention is to rip some 8" boards from the 1" by 12" material for battens, and to return the exterior appearance of the siding to its earlier random width appearance.

The proposed work on the subject property will be executed consistent with the Secretary's Standards for Rehabilitation, with the least possible loss of historic material so that the remaining character-defining features of the historic resource will not be obscured, damaged or destroyed. The proposed alteration is reversible. As proposed the new work will not cause a significant change to the historic building and will not create a significant adverse effect on the environment.

Mitigation:

The proposed project is in conformance with the Secretary of the Interior's Standards for the treatment of Historic Properties under the standard for Rehabilitation (see supporting documentation attached). No mitigation is needed for this project.

respectfully Submitted,

P3. Description (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries)

A one-story, side-gabled vernacular style residential duplex, square in plan, resting on a concrete foundation (1969). The exterior wall cladding is a medium-width ship lap wood siding with corner boards. The medium-pitched side-gabled roof is flared toward the eaves. There is no roof overhang. There is one interior brick chimney present. It is centered in the ridge line towards the east end of the building envelope. Fenestration is irregular, with a combination of small, single and paired four light wood windows, tall, paired single light wood windows, and single and banked tall, multi-paned wood windows. Raised entry doors are found on the north facing facade and rear (south) elevations, toward the east side of the duplex. The Short St. entry is accessed by a set of side-approach wooden stairs with a small landing. The stairs have a simple wood railing with balusters. The entry on the rear (south) elevation is approached by a simple wood stoop. Neither of the entry doors appear to be original to the building. Two five-panel wood doors, on either side of the west side-elevation do appear to be original to the building. Available Sanborn insurance maps show that the subject property was moved from the middle of Short St., between Congress and Park to its present location c. 1910. It is sited at the edge of an empty lot at the immediate corner of Park and Short Sts., with one mature oak tree on site. It is located in a residential neighborhood of one and two-story homes of varying ages, sizes & styles.

B8. Related Features:

B9a. Architect: Unknown

b. Builder: Unknown

B10. Significance: Theme: Architectural Development

Area: Pacific Grove

Period of Significance: c. 1926

Property Type: residential duplex

Applicable Criteria: CR3

(Discuss importance in terms of historical or architectural context as defined by theme, period and geographic scope. Also address integrity.)

218 Park Street is significant under California Register criterion 3, in the area of architecture as an early example of Vernacular residential housing in Pacific Grove.

Monterey County Assessor's and Pacific Grove property files are mute on the original c. 1897 building history of the subject property, but show it in service in 1910. However, Sanborn fire insurance maps from 1897 through 1926 show the evolution of the building, first as a single family residence with a 223 Congress Ave. address, then as a moved structure employed as a storage unit by 1914, and by 1926 returned to residential use as a duplex. It does not appear in local business directories until 1930, when a Mr. George Kranzthor is in occupancy at 218, and 218 1/2 is listed as vacant. No profession is ascribed to Mr. Kranzthor. By 1933 Ms. Lulu B. Peregrine, an employee of Holman's Department Store, is in residence at 218, and a Margaret McCan, with no profession mentioned, at 218 1/2. Periods of full occupancy and vacancy follow the building up through the 1960s. The property is listed on PG 2007 Hist Resource Survey as #1145. The earliest occupants identified were Charles & Paul Plouff, who were listed as drivers in a 1907 business directory. The residence was originally (1897) shown on a Sanborn map as one-and-one-half-story, suggesting that the barn-like roof structure, with its central bay and flared planes once provided an upper floor or loft. The windows and doors along the west side elevation are clearly the oldest and may predate the duplex use. The tall, single, paired and banked windows on the other three elevations appear stylistically to be from the 1920s. The interior chimney may derive from New England hall and parlor plans of the pre-railroad vernacular. This may apply to the ship lap wood siding as well, suggesting the builder was a new arrival from that region of the United States. The record, so far, is mute on who that might have been. The original quarter block lot was large for its period, and was not split until after 1926.

Recorded by: Kent Seavey

Date 9/29/2010

☒ Continuation ☐ Update

B10 (cont.) Of interest historically is the several uses for the property over time, from single family residence to utility building then back to residential use as a duplex apartment. Character-defining features include its horizontal ship lap wood siding, barn-like flared gable roof, central interior brick chimney, and c. 1926 tall, single, paired and banked wood casement windows. The subject property is significant at the local level as an early, if altered, example of regional (New England) vernacular architecture remaining in Pacific Grove. It is listed in the January, 2007 Pacific Grove Historic Resource Survey as #1145.

MAR 21 2012

COMMUNITY DEV. DEPT.

Dear Ms. Hefner:

This letter will act as an addendum, addressing window changes on Short St., to the Focused Phase II Assessments already submitted on behalf of Mr. Ken Mannina, et. al. as part of an application for the rehabilitation the historic property located at 218 Park St. (APN# 006-304-002), in Pacific Grove.

The following analysis is based on review of Appendix I: Working With Buildings On The Historic Resource Inventory of Pacific Grove's 1998 Architectural Review Guidelines.

Guideline #3 encourages the preservation of distinctive features, finishes, and construction techniques that serve to characterize and define properties of historic significance. Likewise, the city discourages the addition of inappropriate features or architectural elements from other buildings.

Because of obvious window changes to the subject property over time, the Focused Phase II letter I prepared for 218 Park, dated 12/1/2011, identified the tall, single, paired and banked wood casement windows on the residence as character-defining features. During discovery, the single light windows, along Short St., were determined to be of modern vintage, and the multi-paned windows on the building envelope to be the earliest remaining fenestration, being among the distinctive features that characterize the property.

Guideline #3 also notes that New additions and alterations should be designed and constructed so that the character-defining features of the historic building are not radically changed, obscured, damaged or destroyed.

In spite of the required removal of both the 1926 and later exterior wall cladding, due to deterioration and infestation, the tall windows continued to evoke the character of the residence.

However, with the removal of the horizontal wood siding, it was determined that there were discrepancies in the window trim dimensions, provided in the approved plans and drawings, and the trim found on the earlier the board-and-batten construction. The physical condition of the window trim was also compromised by severe deterioration. For details of this discovery see Mr. Hurt's E-mail dated 3/20/2011 to Senior Planner Ashley Hefner attached. The above accounts for the slight change in dimensions of concern to the planning staff.

The window changes on Short St., appear to be consistent with guideline #3, Preservation of character-defining features.

Guideline #4 states that additions and remodels should be compatible with the original historic building, without compromising the architectural integrity of the original. In this instance, much of the original building material has already been compromised due to deterioration. However, in keeping with the intent of Guideline #4, the new exterior wall-cladding will appropriately reproduce the historic feature, as will the new Short St. windows, as they match, in kind, the remaining earlier windows (see plans & drawings provided).

Guideline #5 addresses replacement features, including windows. The windows on Short St. match in kind and in materials those remaining character-defining windows on the building envelope.

The Pacific Grove Architectural Review Guidelines for historic resources were drawn from the Secretary of the Interiors Standards for the Treatment of Historic Properties, and are therefore consistent with those employed by the California Environmental Quality Act (CEQA).

The window changes in 218 Park, along the Short St. elevation, preserve the distinctive character-defining features of the subject property. They do not radically change, obscure, damage or have they destroyed significant historic fabric. Their replacement of the existing windows, with minor size and trim differentiation, was predicated on the discovery of dimensional differences between the deteriorated horizontal wood siding that was removed from the building, after plan approval, and the board-and-batten siding found beneath. The windows were matched in design and material as appropriate, to those found on the east elevation of the residence for maintaining the historic character of the property.

The work, as executed, is consistent with both the Pacific Grove and CEQA guidelines for the treatment of historic properties.

Respectfully Submitted,

KENT L. SEAVEY

To Whom It May Concern:

Introduction:

This Focused Phase II Assessment has been prepared on behalf of Robert Gionfriddo as part of an application to connect an existing (and previously remodeled) historic building with two residential units to a proposed adjoining addition, increasing the overall building size significantly. The addition would incorporate the one unit along Park Street into its interior while not altering the remaining unit along Short Street. The subject property is located at 218 Park Street (APN: 006-304-002), in Pacific Grove, and would remain a two-unit residence after the remodel.

Historic Background and Description:

The subject property, an altered c. 1897 wood-framed vernacular cottage, remodeled to a duplex in c. 1926, is listed as #1145 in the Pacific Grove Historic Resource Survey dated January 1, 2007. Character-defining features of the property include pre-1926 vertical board-and-batten wall cladding (covered over with horizontal wood siding in later years), barn-like flared roof, central brick chimney, and tall, single, paired and banked wood casement windows. It should be noted that a major remodel, approved by the City of Pacific Grove in 2012, saw most of the original exterior materials of the historic building removed and replaced with matching materials and finishes, due to the unsalvageable condition of the original wood, which included extensive dry rot and lead-based paint residue. The exterior of the remodel, though largely of new materials, preserved the size, architectural character and exterior appearance of the original walls and roof, including the locations and configurations of the windows, doors and porches. The replacement board-and-batten material was solid redwood with a circular sawn texture applied to match that of the original wood siding. The original brick chimney was unaltered.

Evaluation:

In question is the proposed construction of a new addition adjoining the rear portion of the existing building along its south and west sides which would envelope approximately one quarter of the perimeter into the interior of the single-story portion of the proposed addition. A two-story portion as proposed is further back on the property and does not adjoin the one-story historic building, a sensitive arrangement respecting the lower building height of the existing building, which remains largely intact and maintains its visual prominence on the corner of Park Street and Short Street.

The exterior wall materials of the addition are a combination of board-and-batten siding at the first floor perimeter and wood shingles at the second floor perimeter. The first floor siding will be resawn plywood with applied battens that are narrower in profile than the wider battens of the existing building. The existing siding is slid redwood distinguished by a circular sawn texture that had been present in the original materials replaced in 2012. The second floor of the addition shall have panelized cedar shingle siding. All the new materials shall be compatible with but clearly distinguishable from the materials on the historic building, as is recommended by the Secretary of the Interior's Standard #10 for Rehabilitation to differentiate new work from old. The existing painted finish and color will be carried through to the addition, and the roof materials will match that of the existing as well.

The gable roof of the new addition at the first floor portion that adjoins the existing building is lower in height than the existing gable roof profile, largely masking the new roof profile from both streets. The new second story portion is placed farther back and will be masked from public rights of way by a mature oak tree along Park Street and a large setback along Short Street. It should be noted that the prominent forward corner location of the existing building, nearly on the property lines along both streets, results in a visual presence at the street intersection that dominates the view of the overall structure, even the two-story portion placed farther back toward the opposite corner of the property.

About one quarter of the original building's perimeter walls will be incorporated into the interior of the new addition. These are not prominent street facing walls but rather face the interior of the lot at the rear corner,, opposite and farthest back from the street intersection. Four existing windows and one entry door will be removed and re-used at new locations at the addition. It should be noted that these are replacement units that were installed in the 2012 remodel project, and are not original (see DPR on file). The impact of the proposed addition is mitigated by the sensitive scale and arrangement of the new structure, and by the fact that the existing building is not original but a rebuilt structure that was previously remodeled in 2012.

Re: Phase Two Historic Assessment for 155 14th Street, Pacific Grove, CA
APN. 006-176-006-000

Dear Mr. Locascio:

This letter evaluates the proposed alterations to the property located at 155 14th Street, in Pacific Grove, CA. PAST Consultants, LLC (PAST) completed a site visit to the property on February 17, 2017 to view the property's existing conditions. The subject property contains a modified Queen Anne-style single-family house (1895) and guesthouse that have received substantial alterations since the house's original construction. The following report updates the previous Phase Two report dated March 28, 2018 because of code-required modifications to the initial rehabilitation design of the main house and required design changes to the rear guesthouse.

The subject property encompasses Block 36, Lots 9 and 11 of the Pacific Grove retreat grounds and is on the City of Pacific Grove's Historic Resources Inventory (HRI). Monterey County Assessor records, City of Pacific Grove Planning Department files, Pacific Grove Heritage Society records and relevant Sanborn maps were consulted for this report. An early DPR523 form is on file and lists the house as constructed in 1895 for Mrs. Nellie M. Sprague.

The following Phase Two Historic Assessment provides a description and summary history of the property; a chronology of the changes made to all buildings on the subject property; a list of the property's remaining character-defining features; a list of proposed alterations; and an evaluation of the proposed alterations to the property's historic buildings for conformance with the *Secretary of the Interior's Standards for Rehabilitation*.

The Secretary of the Interior's Standards

The *Secretary of the Interior's Standards for the Treatment of Historic Properties (Standards)* provides the framework for evaluating the impacts of additions and alterations to historic buildings. The *Standards* describe four treatment approaches: preservation, rehabilitation, restoration and

P.O. Box 721
Pacific Grove, CA 93950
www.pastconsultants.com

reconstruction. The *Standards* require that the treatment approach be determined first, as a different set of standards apply to each approach. For the proposed project, the treatment approach is rehabilitation. The *Standards* describe rehabilitation as:

In *Rehabilitation*, historic building materials and character-defining features are protected and maintained as they are in the treatment Preservation; however, an assumption is made prior to work that existing historic fabric has become damaged or deteriorated over time and, as a result, more repair and replacement will be required. Thus, latitude is given in the Standards for Rehabilitation and Guidelines for Rehabilitation to replace extensively deteriorated, damaged, or missing features using either traditional or substitute materials. Of the four treatments, only Rehabilitation includes an opportunity to make possible an efficient contemporary use through alterations and additions.¹

The ten *Standards* for rehabilitation are:

1. A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.
2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property will be avoided.
3. Each property will be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.
4. Changes to a property that have acquired historic significance in their own right will be retained and preserved.
5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.
6. Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture, and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.
7. Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.
8. Archeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.
9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.
10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

¹ *The Secretary of the Interior's Standards for the Treatment of Historic Properties* (accessed via <http://www.nps.gov/hps/tps/standguide/>).

Summary of Property History: 1897 and 1905 Sanborn Maps

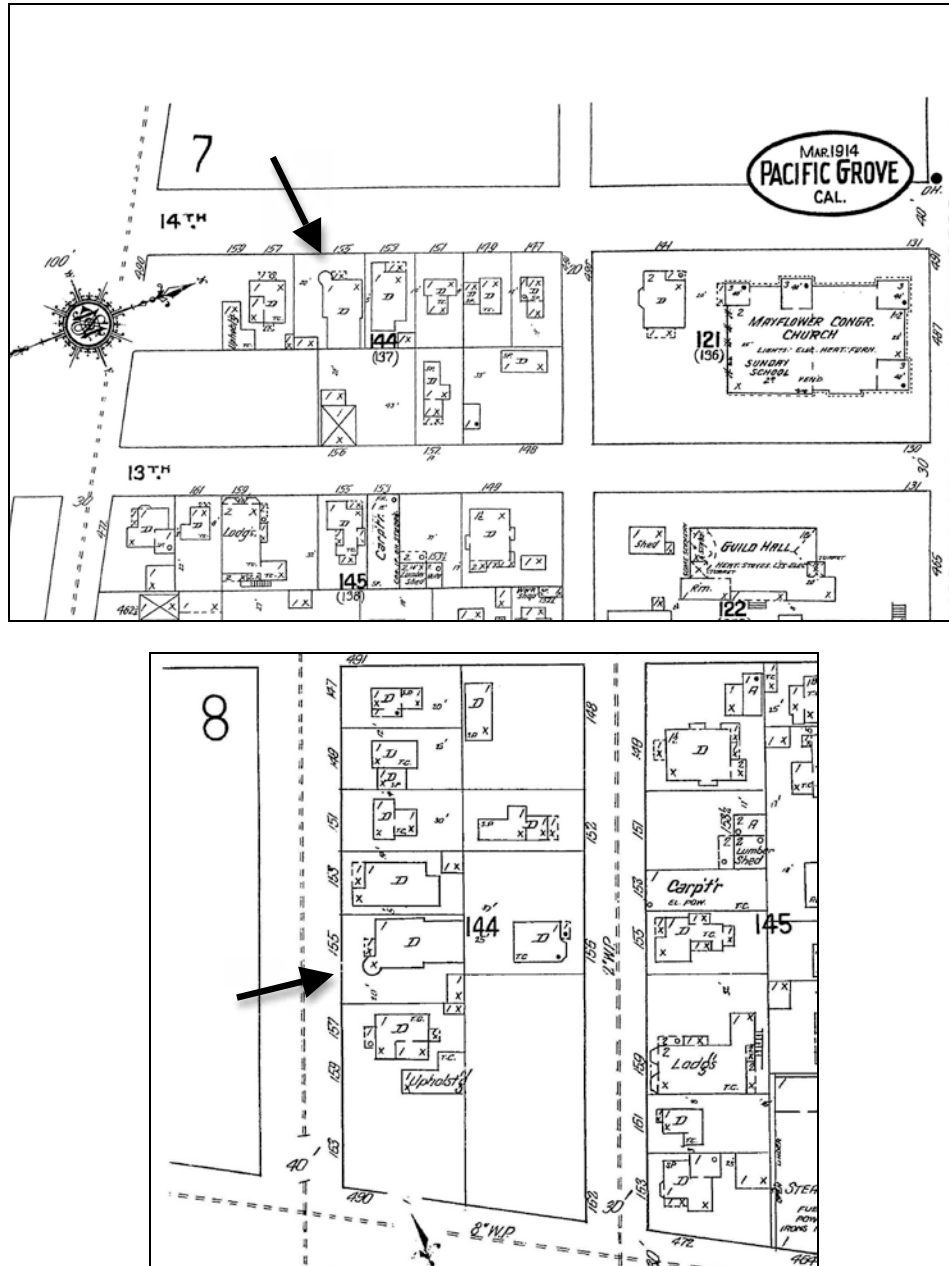

The 1897 and 1905 Sanborn maps appear below (Figures 1 and 2).

Figures 1 and 2. Cropped images of the 1897 Sanborn map (top) and the 1905 Sanborn map (bottom) showing the subject property with arrows. The original house had a corner tower and small, centered front porch. A rear addition was installed by 1905.

Summary of Property History: 1914 and 1926 Sanborn Maps

The 1914 and 1926 Sanborn maps appear below (Figures 3 and 4).

Figures 3 and 4. Cropped images of the 1914 Sanborn map (top) and 1926 Sanborn map (bottom) showing the subject property with arrows. The primary change to the site is the addition of a small outbuilding at the southeast corner.

Sanborn Map Analysis: Conclusions

The subject property was constructed circa-1895 as a cross-gable, Queen Anne-styled residence with a corner tower, central front porch and two small rear porches (**Figure 5**). The rear addition was installed by 1905. The outbuilding to the rear appears by 1914. The available scan of the 1926 (updated 1962) map does not show the two circa-1950s front additions that removed the tower and front porch from the residence and added the garage; possibly due to an error when scanning the original map books, which would contain paste-overs on properties showing changes from earlier editions.

Figure 5. Historic photograph of 14th Street, showing the subject property. Note the centered front porch, Queen Anne-style corner tower and one-over-one wood sash windows.

Existing Site Conditions

The present house presents a jumbled composition of mid-century building elements placed in front of the circa-1895 Queen Anne-style residence. Few stylistic features of the earlier building remain, except the roof massing, wood exterior siding, decorative trim and several windows on the north elevation (**Figures 6 and 7**).

Figures 6 and 7. Left image shows the front (west) elevation with circa-1958 gable-roofed and garage additions dominating the front elevation. The guesthouse is located behind the garage (arrow). Right image details the north elevation, showing an original window surround and one-over-one, double-hung sash (arrow).

The area occupying the south side of the property is paved and contains an entrance to the house on the right side elevation, as well as the guesthouse (**Figure 8**). The guesthouse contains mid-century materials and is not the outbuilding shown on the 1914 and 1926 Sanborn maps (**Figure 9**).

Figures 8 and 9. Left image details the south elevation, showing a single door punctuating the 1895 building wall. The circa-1905 rear addition used similar materials and echoed the support brackets of the earlier residence (arrow). Right image shows the guesthouse.

Construction Chronology

Figures 10 and 11. Left image details the north elevation's circa-1905 rear addition, showing the replaced wood siding installed when the window openings were modified (arrows). Right image details the south elevation at the guesthouse, showing replaced siding boards and a new window opening (arrows).

Based on a records search of files at the Pacific Grove Community Development Department and Pacific Grove Heritage and coordinated with existing Sanborn maps and the site visit, the following lists the exterior modifications. Estimated dates for the undated additions are based on the material conditions found on the building during the site visit and the available historical record.

- No Permit, Circa-1895: Construction of Queen Anne-style residence.
- No Permit, Circa-1905: Install rear addition.
- No Permit, Circa-1914: Install outbuilding at southeast site corner.
- Permit #2639, 4/1/1947: Reconstruct foundation.
- No Permit, Circa-1950s. Construct garage at front of driveway (**Figure 6**).
- Permit #1943, 11/3/1958: Install front addition and guesthouse at rear of property (**Figure 9**).
- Permit #1083, 3/18/1974: Remodeling permit, with no other details. This may be the remodeling of the rear guesthouse, which has replaced windows, a flat roof constructed of modern materials and a small north addition.
- Permit #95-0398, 10/23/1995: Reroof house.
- No Permit: Circa 1990s: Add new window openings to the circa-1905 rear addition's north and south elevations. Replace siding boards on both the north and south walls (**Figures 10 and 11**).
- Permit #99-0103, 3/10/1999: Electrical interior work.
- Permit #06-0723, 9/28/2006: Remodel interior of guesthouse.

Remaining Character-defining Features

The subject 1895 house has undergone substantial modifications when the 1958 front addition removed the corner tower and front porch. While the front addition has achieved 50 years of age, it has virtually removed all of the integrity of the 1895 house and has created a confused design with the earlier house hidden behind the 1958 addition.

Remaining character-defining features are:

- Cross-gable roof massing.
- Fishscale shingles and decorative vergeboard in the gable ends.
- Exposed wood cornice brackets.
- Rustic wood siding exterior wall cladding on the main house.
- Remaining window surrounds and two wood one-over-one, double-hung sash windows on north elevation.

Summary of Proposed Alterations

Revised design drawings by designer, James Locascio, dated 8/29/2018, were evaluated for this Phase Two Historic Assessment. The proposed alterations affecting the exterior are described below.

Figure 12. View of front elevation showing locations of proposed changes. The garage will be removed and replaced with a parking structure. The 1958 porch addition (arrow) will be remodeled and a new front entrance and entry porch constructed. The gable roof will be converted to a shed roof in order to see the existing Victorian cornice brackets.

- Remove circa-1950s garage and replace it with an open, wood-frame parking structure.
- Remodel 1958 front bedroom addition by reducing the size of the 1958 addition's mass to create a small corner front porch and entrance in the original building wall. The gable roof of the 1958 addition will change to a shed roof with a new, smaller casement window on the front elevation.
- Add window to south elevation wall where the garage is removed. Restore rustic wood siding.

- Construct front addition to guesthouse and connect guesthouse north wall to the main house.
- Rehabilitate existing wood window surrounds, remaining wood windows and doors, existing wood details and rustic siding on the building. Replicate missing fishscale shingles and vergeboard in the gable ends and replicate missing cornice brackets where the original tower was removed.

Evaluation of Proposed Alterations

The following lists the ten *Standards* for rehabilitation in italics, with an evaluation given below each *Standard*.

1. *A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.*

The proposed alterations will allow the building to keep its residential use, while retaining the existing character-defining features and satisfying this *Standard*.

2. *The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property will be avoided.*

The proposed rehabilitation design does not remove any of the remaining character-defining features of the existing building. The 1958 front bedroom addition removed the historic corner tower and several cornice brackets, creating a jumbled composition that hides the original building. For this reason the 1958 front bedroom addition is not historic and the proposed alterations to this addition return a more appropriate look to the building. For these reasons, the proposed alterations satisfy this *Standard*.

The rear guesthouse was modified in the 1970s and is not character defining to the site. Constructing a front addition to the guesthouse and connecting to the existing house removes a portion of the circa-1905 addition's non-original exterior siding boards. These siding boards were installed sometime in the 1990s when the window openings were modified on both the north and south elevations of the circa-1905 addition.

3. *Each property will be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.*

The proposed alterations do not add conjectural features or elements from other historic properties that would confuse the remaining character-defining features of the subject property.

4. *Changes to a property that have acquired historic significance in their own right will be retained and preserved.*

The proposed alterations do not impact any changes to the building that have acquired historic significance. The circa-1950s front garage and the 1958 front bedroom addition severely impacted the house's integrity of design by removing significant earlier character-defining features, such as the corner tower and front porch. The later changes to the building are not historic for these reasons

and their alteration returns the subject house to a design more appropriate to the original building's Victorian heritage.

5. *Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.*

The proposed rehabilitation design does not alter any of the remaining distinctive materials, or historic construction detailing of the subject residence, satisfying this *Standard*. The conversion of the 1958 front addition's gable roof to a shed roof will make the original, character-defining cornice brackets more visible, which helps highlight them as a significant remaining historic detail.

Connection of the guesthouse to the main house's south elevation effects a wall that was altered previously in the 1990s for installation of new window openings.

6. *Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture, and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.*

With the exceptions noted above, the proposed alterations will rehabilitate the existing wood windows, wood details and existing wood siding in keeping with this *Standard*.

7. *Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.*

Physical treatments to repair existing wood siding and wood details will be undertaken with methods that do not impact the wood substrate. Missing cornice brackets, fishscale shingles and vergeboard will be replicated in-kind to match the original details.

8. *Archeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.*

This *Standard* does not apply, as archaeological features are not identified at the site.

9. *New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.*

The proposed remodel of the 1958 front addition will return the building to a more appropriate scale with the original building. The removal of the garage and installation of the new corner front porch will make the Victorian details of the subject house more visible and return the building to a design more consistent with the earlier building prior to the 1958 alterations. The detailing of the front porch columns, rails and stairs is kept deliberately simple to differentiate it from how a period Victorian front porch would appear.

The new addition to the rear guesthouse impacts a front wall that has been altered previously and therefore does not remove character-defining features from the guesthouse. The siding boards are clearly differentiated between the main house and the guesthouse and further differentiation of the guesthouse's front addition will be achieved using modern fenestration.

10. *New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.*

The proposed front remodeling design could be reversed in the future, if so-desired. However, the present additions to the building have confused the historic look of the original Victorian residence. Returning poor additions to a building is not a likely alternative in this case, given how dramatically the original building has been modified. In addition, the proposed remodeling design will retain and rehabilitate the remaining exterior character-defining features of the property, allowing it to maintain adequate historic integrity and satisfy this *Standard*.

The rear guesthouse is not character defining to the site, due to alterations made over time. A front addition to the guesthouse and connection to the main house could be reversed in the future, if desired. However, since the guesthouse is not historic, reversal is not necessary.

Conclusion

In conclusion, the proposed design alterations to the historic single-family residence and guesthouse at 155 14th St., Pacific Grove meets the *Secretary of the Interior's Standards for Rehabilitation*. The proposed changes do not impact the remaining character-defining features or overall historic integrity of the property's altered historic building. Because the proposed alterations to the building meet the *Standards*, the alterations are considered as mitigated to a level of less than a significant impact on the historic resource and do not constitute a substantial adverse change to the historic resource, thus conforming to the requirements of the California Environmental Quality Act (CEQA).

Please contact me if you have any questions about this evaluation.

Sincerely,

Seth A. Bergstein, Principal

Cc: City of Pacific Grove, Community Development Department

RESOLUTION NO. 20-01

HISTORIC DETERMINATION FOR THE DELETION OF THIRTEEN (13) PROPERTIES FROM THE CITY OF PACIFIC GROVE'S HISTORIC RESOURCES INVENTORY AS REFERENCED IN THE TABLE BELOW

FACTS

1. In 2018, the City Council of the City of Pacific Grove directed the Community Development Department to undertake the task of updating the City's Historic Resources Inventory (Inventory).
2. To assist with the effort, the City contracted with Page & Turnbull, a qualified historic consulting firm which, as a result of field work and research, prepared the Historic Resources Inventory Update Survey Report (Report) which was finalized and accepted by the City Council on November 20, 2019.
3. The Report analyzed every one of the 1,303 buildings currently on the Inventory, prepared Dept. of Parks & Recreation (DPR) Form 523 documents for each property, and recommended the removal of 371 (28%) of the properties from the Inventory due to changes over time resulting in the loss of historic integrity and/or significance.
4. The following table represents the thirteen (13) properties recommended for removal due to the demolition of the original resource or another error. Numbers 14 and 15 below were added to this review as the owners are currently in the process of obtaining permits for approved exterior alterations; these properties are recommended for removal by the consultant.

| 15 | 155 14 th St. | 006-176-006 | Locasio, J & N.H. | Heavily modified | Significant alterations authorized by HRC 2018 |

FINDINGS

1. The Historic Resources Committee has determined that the properties listed above shall be removed from Pacific Grove's Historic Resources Inventory based on the criteria listed in PGMC 23.76.025 and the recommendation of the qualified consultant, Page & Turnbull, on the individual properties' DPR 523 Forms of "6L" or "6Z" signifying ineligibility for local, state or national listing.
2. The Historic Resources Committee has determined that this action does not constitute a "Project" as defined under California Environmental Quality Act (CEQA) Section 15378 which addresses organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment. This section can be used if the Committee finds that the property was placed on the Inventory in error or the property no longer retains historic integrity and/or significance and cannot be considered a historic resource.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE HISTORIC RESOURCES COMMITTEE OF THE CITY OF PACIFIC GROVE THAT:

1. On January 22, 2020, the Historic Resources Committee determined that, based on observation and the information on the DPR forms provided, the buildings listed herein be removed from the Historic Resources Inventory per PGMC 23.76.030. This administrative action is not a "Project" per 15378 of the CEQA Guidelines.
2. The Historic Resources Committee further determines that each of the Findings set forth above is true and correct, and by this reference incorporates those Findings as an integral part of this Resolution.
3. The properties referenced in the table above no longer meet the criteria for eligibility per PGMC §23.76.025.
4. This Resolution shall become effective upon the expiration of the 10-day appeal period.

PASSED AND ADOPTED BY THE HISTORIC RESOURCES COMMITTEE OF THE CITY OF PACIFIC GROVE this 22nd day of January, 2020, by the following vote:
