PROJECT DESCRIPTION: Historic Determination (HD) for Twenty (20) Properties Recommended for Removal from the Historic Resources Inventory (HRI) due to Lack of Eligibility

APPLICANT/OWNER: City of Pacific Grove / Various Owners

ZONING/LAND USE: Various Zoning Districts

CEQA: Not a “Project” per § 15378 of the California Environmental Quality Act (CEQA) Guidelines.

RECOMMENDATION
Through the adoption of Resolution 20-02, approve the Historic Determination permits and remove the subject properties from the Historic Resources Inventory (HRI) subject to the requirements of the Pacific Grove Municipal Code (PGMC) § 23.76.030 and a finding that the removal of the subject properties is not a project per § 15378 of the CEQA Guidelines.

DISCUSSION
Background
The City’s architectural heritage has been an important part of Pacific Grove’s identity since its incorporation in 1889. From the Methodist Retreat era through the important periods of development identified in our Historic Context Statement and User Guide (Page & Turnbull, 2011), the preservation of unique buildings has been a priority. In 1978, the original HRI was developed using volunteer community members. This inventory has been modified over the years resulting in the inclusion of approximately 1,280 properties. In the ensuing years, it has become apparent that the historic integrity and/or historic significance of many of the properties have been lost and the properties should no longer be included on the HRI. Conversely, there are likely quite a few properties that should be included on the HRI which might be a future project worth consideration.

Benefits of the HRI Update
1) Strengthens the validity and soundness of the HRI
2) Allows for more accurate consideration of impacts to historical resources for zoning decisions and permit approvals
3) Protects the City’s important historical resources from substantial alteration and demolition
4) Supports local heritage tourism
5) Clarifies the City’s permit application and CEQA review processes
6) Saves property owners time and money
7) Allows for appropriate response to a major disaster

Additionally, removing the restrictions from properties that are not historic resources will result in greater development flexibility toward meeting the City’s Housing Goals.

HRI Update Project
Following up on the Historic Context Statement (Page & Turnbull, 2011) which recommended, among other things, the continued updating of the HRI, Page & Turnbull was contracted in 2018 to assist with this effort. Approximately 1,303 buildings (±1,208 properties) that had been previously identified as historically significant or potentially historically significant were re-evaluated to determine their integrity and eligibility for listing in the updated HRI.

The City, with the assistance of Page & Turnbull, held two (2) community meetings; one in July 2018 and another in March 2019. Owners of all of the currently-listed properties were invited to attend and each of the meetings had over 50 attendees. Staff also made a presentation to the Pacific Grove Heritage Society Board of Directors in February 2019.

The public draft report was released in February 2019. City staff received over 50 comments from owners and interested citizens which were forwarded to the consultant to be addressed in the final report. Responses to comments are included in the report appendices. Also included as appendices are three (3) tables indicating:

1) Properties to remain on the HRI (932) or 72% of the current list;
2) Properties proposed to be removed (371) or 28%; and
3) Properties proposed to be removed from the HRI, but included on a new Neighborhood Character List (203), or 16%, which is a subset of the removal list.
As a result of the City Council’s action on November 20, 2019, wherein the Council accepted the Final HRI Survey Update Report (and provided separately), the HRC is directed to begin the formal removal of those properties in category (2) above. The subject group of properties, shown in the table below, are those that the consultant has identified as either demolished (the former resource was demolished and the HRI not correctly updated so that new development has retained its place on the Inventory) or that the City has an active Building or Planning Permit on and removal could affect the scope of the project currently underway.

The full report with all appendices – including all of the Department of Parks & Recreation (DPR) forms - can be viewed on the Community Development Department's website.

**Neighborhood Character List**

In response to considerable public feedback throughout the review process expressing concern that the removal of many of the properties proposed would result in a loss of community character, Page & Turnbull proposed a *Neighborhood Character List* (NCL) consisting of 203 properties that, although not eligible for the HRI, do retain architectural features and/or interest that contribute to Pacific Grove’s overall aesthetic. To be clear, these properties would be removed from the HRI and, therefore, deemed to not be historic. Future exterior alterations would be reviewed in accordance to PGMC §23.70. The NCL has no regulatory authority over architectural review other than what is required in PGMC §23.70. In reviewing architectural permits, the ARB would consider the Architectural Review Guidelines for Single-Family Residences and could include Appendix I of the Guidelines which includes additional guidelines for working on historic buildings.

**Note:** Only 703 Spruce Ave. has been proposed by the consultant to be added to the NCL.
Resolution 20-02
The attached Resolution 20-02 reflects the action of the HRC on January 22, 2020. This Resolution, and those following, will be added to each property file in an effort to ensure that accurate record keeping occurs moving forward in the deletion process.

California Environmental Quality Act (CEQA)
Having an up-to-date and accurate historic inventory is important to the City, primarily in terms of the California Environmental Quality Act (CEQA) which considers historic resources part of the environment; therefore, significant changes to these resources may result in a significant negative impact on the environment. California law requires that every land use permit assess the project’s potential impact on the environment. Most of the projects the City reviews through the permitting process fall under one (1) or more CEQA exemptions. Being on the HRI triggers a higher level of CEQA review (the preparation of a Phase II Historic Assessment, for example) which adds a cost burden to many projects that are not technically historic resources.

Furthermore, the deletion of non-historic properties that were added to an inventory without the required historic review and assessment at the time and/or the deletion of properties that have lost their historic significance or integrity over time, as demonstrated by professional review, is not subject to CEQA per §15378. This section defines “project” and activities that may have a direct or indirect effect on the environment. Since the properties recommended for removal from the HRI have been found ineligible for the HRI, they are no longer considered historic resources. As such, the removal of non-historic resources will not have a cumulative significant impact on the environment. Henceforth, exterior alterations to buildings removed from the HRI would still require architectural review by either staff or the Architectural Review Board (ARB) in accordance to Chapter 23.70 of the Pacific Grove Municipal Code (PGMC).

### Significance

**Pacific Grove Historic Context Statement Theme:** Residential Development

**Period of Development:** Early Development of Pacific Grove (1873-1902)

**Integrity:** No Historic Integrity

**Eligible for Pacific Grove HRI:** No

**Level of Significance:** Not Applicable

**Appears Individually Eligible for National Register and/or California Register:** No

**California Historic Resource Status Codes:** 6Z

**Evaluation Notes:** Residence has a saltbox roof that is obscured by recent additions. All windows have been replaced with a different pattern of lites. Hung windows on primary façade replaced with French doors. One story side bay has new two story addition and garage addition. These cumulative additions and alterations have resulted in the loss of historic integrity.

Evaluation Notes: According to the 1926 Sanborn map, this property was originally addressed as 403 7th Street. The lot featured a one-story, one-room structure. By 1962, the property was addressed 315 Pine (and 403 7th as well), and featured an irregular-plan building and detached garage. The structures appear to have been joined at an unknown date after 1962. Cumulative additions and alterations have resulted in the loss of historic integrity.

CITY OF PACIFIC GROVE
PLANNING COMMISSION RESOLUTION NO. 77-308

RESOLUTION GRANTING VARIANCE.

WHEREAS, by Variance Application No. 77-308, GREG and ROBIN AESCHLIMAN
seek variance for the property at 220 Bentley Avenue (Lots 7 and 8, Block
312, Pacific Grove Acres) from Sections 23.16.060B and 23.16.060D of the
Municipal Code so as to respectively allow:

1. Side yard of 6 feet instead of 10; and
2. Garage opening setback of 6 feet instead of 20 feet.

AND WHEREAS, the Planning Commission finds that the qualifications of
Section 23.72.090 of the Municipal Code apply to the land, building, or use
for which variance is sought and such variance is in harmony with the general
purposes of Title 23 of said Code:

Applicant is replacing a part of this older structure with a new
2-car garage with a master bedroom and bath above. Thus an extra
covered parking space is created.

NOW, THEREFORE, THE PLANNING COMMISSION OF THE CITY OF PACIFIC GROVE
DOES RESOLVE AS FOLLOWS:

Variance Application No. 77-308 is hereby granted.

PASSED AND ADOPTED BY THE PLANNING COMMISSION OF THE CITY OF PACIFIC
GROVE this 16th day of June, 1977, by the following vote:

AYES: Corsaut, Hauk, Parsons, Robertson, Russell, and Smith

NOES: None

ABSENT: McIntyre

APPROVED: June 16, 1977

EXPIRATION OF PERMIT

THIS PERMIT EXPIRES IF THE BUILDING OR WORK AUTHORIZED HEREIN IS NOT COMPLETED WITHIN 60 DAYS FROM DATE OF APPROVAL, OR IF WORK IS SUSPENDED FOR A PERIOD OF 90 DAYS AT ANY TIME. AFTER EXPIRATION, THIS PERMIT MUST BE RENEWED BEFORE THE WORK MAY BE COMMENCED AGAIN.

Warning: Trees on the streets of Pacific Grove are public property and under City control. Permission to remove trees may be obtained only from the City.

This permit does not include any signs or flood lighting.

Grade lines as shown on the drawing accompanying this application are assumed to be correct. If actual grade lines are not the same as shown, revised drawings showing correct grade lines, cuts and fills, etc., together with complete details of retaining walls and wall footings required must be resubmitted to this division for approval.

In conformity with the provisions of Section 3800 of the Labor Code of the State of California, applicant shall file with the building inspector the certificates designated in (1) and (2) below and/or shall indicate item (3), (4), or (5) whichever is applicable:

(1) Certificate of consent of self-insured issued by the Director of Industrial Relations.

(2) Certificate (or exact duplicate copy) of Workmen's Compensation Insurance issued by an admitted insurer.

(3) The cost of the work to be performed is $1,000 or less.

(4) I certify that I, the person for whom this permit is issued, shall not employ any person in any manner so as to become subject to the workmen's compensation laws of California.

(5) I certify that the applicant is licensed under the provisions of Chapter 9 (commencing at Section 7000) of Division 3 of the Business and Professions Code, and said applicant is a California state contractor.

Half day notice required for all inspections.

THE ABOVE APPROVAL GRANTS PERMISSION TO DO THE WORK COVERED BY THIS APPLICATION IN ACCORDANCE WITH PLANS AS APPROVED, AND ALL APPLICABLE COUNTY AND STATE ORDINANCES, REGULATIONS AND LAWS GOVERNING LOCATION, CONSTRUCTION AND OCCUPANCY OF BUILDING.

**Evaluation Notes:** Large two-story addition at side (east) façade is minimally set back and resulted in a significant alteration to the form and massing of the residence. Furthermore, the open entry porch is not original (not illustrated in available 1926 or 1962 Sanborn maps). Cumulatively, these alterations have resulted in a loss of historic integrity.

Architectural Approval Application No. 2545-99 for a proposed addition, including an attached one-car garage, and remodel to an existing single-family dwelling listed on the Pacific Grove Historic Resources Inventory.

Kent Knoll, designer, presented the application.

Hinshaw stated he appreciates the scale of the addition, but wants to see wood windows used in the building.

Moore stated she loves the idea of keeping the house historic.

Billstrom expressed concern with the design of the garage door. The type proposed may not be appropriate for the historic structure.

On a motion by Moore, seconded by Hinshaw, the Board voted 5-0 to grant final approval subject to subcommittee approval of the windows and garage door.

Sharon Kohlmannslehner
P.O. Box 421
Cupertino, CA 95015

Dear Ms. Kohlmannslehner:

Thank you for the opportunity to prepare a Phase I Historic Resource Assessment for your residential duplex property, located at 562 Park Pl. (APN #006-157-013) in Pacific Grove, as required by the California Environmental Quality Act (CEQA) and the City of Pacific Grove. (Application No. CRD 18-0664). The residence is not significant.

According to Monterey County Assessor's and Pacific Grove real estate records, the subject property was constructed in 1906 as a single family residence. Subsequent to that time a series of additions and alterations occurred, with a major remodeling in 1950 (PGBP #4087), that may represent the change in occupancy from a residence to a duplex. The original owner was the Reverend George Clifford of Alameda, first president of the Pacific Grove Retreat Association, founded in 1875. No specific architects or builders has been identified.

The residence is listed in the 2007 Pacific Grove Historic Resource Inventory (HRI). However, a California DPR 523A prepared in 1977 clearly stated that the subject property had, and was having at the time significant alterations to make it into a two-story duplex (see DPR523A provided). The disparity in historic designation appears to have begun with a 2003 request of then owner Mr. Scott Partridge who specifically requested historic listing. The Community Development Dept. prepared a Historic Resources Inventory Eligibility Worksheet for the property, which made no determination whether to add or not add the property to the Inventory (see document provided). It appears that it was added, despite its clear lack of historic integrity.
Subsequent to the HRI listing, in September of 2017 the owner, Mr. Partridge requested that the property be removed from the HRI. He submitted a two-page letter making the removal request based on what he determined to be erroneous advice from a San Francisco historic preservation architect, as well as the obvious changes to the original building envelope (see letter provided).

The current owner purchased the property in December of 2017. At that time the City of Pacific Grove Residential Zoning Records Report, and the Pacific Grove Property Database both noted that the subject property was not listed in the HRI (see reports provided). The 2019 Page & Turnbull Pacific Grove HRI update recommended the removal of 562 Park Ln. from the 2007 HRI for its “incompatible Addition, Altered Pattern of Windows and Doors, Replacement Windows”, citing its loss of integrity (see all attachments provided).

The California Environmental Quality Act (CEQA), PRC Sec.21084.1 requires all properties fifty years of age or older to be reviewed for potential historic significance. Criteria for that significance is addressed in PRC Sec. 5024.1 (a). It asks, did any event important to the region, state or nation occur on the property. Did anyone important to the region, state or nation occupy the property during the productive period of their lives. Does the building represent an important architectural type, period or method of construction, or is it a good example of the work of a noted architect or master-builder. The criteria also asks if the property is likely to yield information significant to the understanding of the areas history.

Eligibility for historic listing of buildings, structures, objects, sites and districts, i.e., rests on the twin factors of historic significance and integrity to be considered for listing in the National Register of Historic Places, the California Register of Historical Resources, and the Pacific Grove Historic Resource Inventory. Loss of integrity, if sufficiently great, will overwhelm the historic significance a resource may possess and render it ineligible for historic listing. Likewise, a resource can have complete integrity, but if it lacks significance, it must also be considered ineligible.

Integrity is measured by the application of seven aspects, defined by the National Register Criteria for Evaluation.
They include: Location, the place where the historic property was constructed, or an historic event occurred; Design, the combination of elements that create the form, plan, space, structure, and style of a building; Setting, the physical environment of the historic property; Materials, the physical elements that were combined during a particular period of time and in a particular pattern or configuration to form a historic property; Workmanship, the physical evidence of the crafts of a particular culture or people during any given period in history; Feeling & Association are subjective elements that assess a resources ability to evoke a sense of time and place.

The subject property is not included in the California Office of Historic Preservation-maintained “Historic Data File for Monterey County” (updated May, 2018). It is not listed in the California Register, or the National Register of Historic Places, but it does appear in the 2007 Pacific Grove Historic Resources Inventory.

Regarding the necessary seven aspects of integrity, the subject property retains its original location, its setting has been modified by adjacent new construction. As clearly noted in the 1977 DPR 523, and substantiated in the 2019 Pacific Grove HRI Update Survey by Page & Turnbull, there have been significant additions and alterations over time, which have modified its original materials, workmanship, and design. No architects or builders have been identified with the property, and the residence lacks any high artistic valve. Nor does the property evoke a strong sense of time and place, or of feeling and association with its 1906 period of construction.

No event of significance to the nation, state or region, nor any significant individuals during the productive period of their lives have been identified with the property. Reverend George Clifford and the original Executive Board of the Pacific Grove Retreat Association met and signed its charter in San Francisco in June of 1875, when he was still living and working in Alameda. Before Pacific Grove became a city in 1889 it had been under management as a Christian seaside retreat through a number of excellent Methodist Clergymen, none of which were Rev. Clifford, who retired to the grove in the first decade of the twentieth century. As noted above, loss of integrity, if sufficiently great, will overwhelm the historic significance a resource may possess and render it ineligible for historic listing. Likewise, a resource can have complete integrity, but if it lacks significance, it must also be considered ineligible.
Lacking both physical integrity and historic significance, the subject property does not meet the necessary criterion for listing in the National or California Registers of Historical Resources. Nor, in my professional opinion, does it meet the criterion established by the City of Pacific Grove to qualify for inclusion in the Pacific Grove Historic Resources Inventory, and therefore cannot be considered a historic resource as defined by CEQA.

Respectfully Submitted,

DESCRIPTION

6. Briefly describe the present physical appearance of the site or structure and describe any major alterations from its original condition:

This structure was originally a long, rectangular, single story house with raised foundation, narrow lapped siding and 2 central gables, with a brick chimney. Older windows are 1/1, grouped in pairs. Several alterations have been made — once a wide open porch with round columns has in recent times been closed in; windows and a shed roof were added. Modern windows are in the basement now; a brick covering for the foundation is being laid. To make the change to 2 apartments, new siding has been put on. The steps and portico over both apartments are new, as are several windows. A garage has been added under the house.

SIGNIFICANCE

20. Briefly state historical and/or architectural importance (include dates, events, and persons associated with the site when known):

The structure has been greatly altered from its original appearance. The open porch must have been one of the more distinctive features of the home, but it is greatly modernized in its present glass enclosed design. Modern windows and very stark entranceways speak of the last 10 years or so - not the last century.

(j) Whether it contributes to the architectural aesthetics and continuity of the street.
   Evidence: The subject property is located in the Pacific Grove Retreat, one of the oldest areas of
   the City. Despite several inappropriate alterations that have occurred to the structure, the property
   contributes to the historic character of the street because the original footprint, roof shapes, and exterior
   materials are still present. These and similar features are shared by historic properties in this area of the
   City.

(k) Whether it is located within a geographically definable area possessing a concentration of historic
   properties which visually contribute to each other and are unified aesthetically.
   Evidence: The subject property is located in the Pacific Grove Retreat, one of the oldest areas of
   the City that contains a large concentration of historic properties. Review of available records for the 22
   parcels located in the immediate vicinity of the subject property (Grand Avenue between Park Place and
   Ocean View Boulevard) reveals 17 properties that are included on the City's Historic Resources Inventory.

Determination

Based on the criteria and evidence cited above, the historic resources committee made the following determination
at a public hearing held February 3, 2003:

The property at 562 A&B Park Place □shall □ shall not be added to the city of Pacific Grove historic resources
inventory.

Re: 562 Park Pl. deletion from Historic Resources Inventory per  
Title 23 Zoning regulation 76.030 (b) *

Historic Resources Committee,

I own 562 Park Place Pacific Grove. I am requesting that the property be removed from the Historic Resources Inventory.

I purchased the property in 1998. It was not listed in the Historic Resources Inventory at that time. In 2003, I personally requested that it be added to the inventory.

I requested it be added on the professional advice and recommendation of an architect based in San Francisco, on a list of architects maintained with the Heritage Society here in town.

I trusted this individual to map out a future for the property. I learned subsequently this architect knew little of Pacific Grove historical designations. As I dug further into his resume, I learned he listed himself with the Heritage Society while regularly visiting his mother in an assisted living facility in Monterey. He had no other experience in Pacific Grove. Consistent with this discovery, and in that same year, I no longer retained him. This was all back in 2003, and I have not revisited the issue until lately, and have maintained the property as a duplex rental.

The improvements on the property are from a mix or eras comprised of numerous additions. What was once a single family residence, was cut into a duplex in the 1960’s and substantially transformed, and that work removed some exterior features and added mismatched and inferior materials. The property was not listed on the inventory for a reason, as it was not historic. It is in poor shape and much of the prior workmanship was poor.
This summer I have documented statements and letters by real estate, architectural, design, engineering and building professionals, here in PG, that the designation of 562 Park Place, as on the Historic Resources Inventory, impacts the property negatively, by dramatically increasing the cost of bringing it to modern, safe, use, and possibly memorializing a structure that is not historic. The false Historic Resources Inventory designation causes it to be worth less right now. Further, all say that compliance (soft) and construction costs soar when a property is so designated. Some vendors are not interested in historic projects. Already it has been recommended by PG Planning that I hire a historian!

I am not a rich person, a speculator or a real estate professional. I teach Advanced Placement Government in a public high school. Costs are already at the very edge of my horizon of possibilities as I aim to make this my home in retirement.

I appreciate your action in removing 562 Park Place from the designation as historic as listed on the Pacific Grove Historic Resources inventory, and returning it to it’s prior designations as not listed. It was my error. My request for removal is reasonable and appropriate.

Sincerely,

Scott Geoffrey Partridge

(b) Property owners may request that their property be deleted from the historic resources inventory by submitting a written request to the historic resources committee. The historic resources committee shall determine, following hearing, whether or not the property should be deleted based on the criteria listed in PGMC 23.76.025. Evaluation Notes: 1914 Sanborn shows a one-story, rectangular-plan dwelling with a recessed open porch at the northwest corner. Several additions, including the side garage and front projecting section, have obscured the original design, form, and massing of the house. The front door has been replaced and full-height windows and a second fully glazed door have been introduced at the primary façade, significantly altering the design. The chimney is large and appears out of scale with the original house. Cumulative alterations have resulted in loss of historic integrity.

HISTORIC DETERMINATION FOR THE DELETION OF THIRTEEN (13) PROPERTIES FROM THE CITY OF PACIFIC GROVE’S HISTORIC RESOURCES INVENTORY AS REFERENCED IN THE TABLE BELOW

FACTS

1. In 2018, the City Council of the City of Pacific Grove directed the Community Development Department to undertake the task of updating the City’s Historic Resources Inventory (Inventory).

2. To assist with the effort, the City contracted with Page & Turnbull, a qualified historic consulting firm which, as a result of field work and research, prepared the Historic Resources Inventory Update Survey Report (Report) which was finalized and accepted by the City Council on November 20, 2019.

3. The Report analyzed every one of the 1,303 buildings currently on the Inventory, prepared Dept. of Parks & Recreation (DPR) Form 523 documents for each property, and recommended the removal of 371 (28%) of the properties from the Inventory due to changes over time resulting in the loss of historic integrity and/or significance.

4. The table above represents the twenty (20) properties recommended for removal due to extensive alterations resulting in the loss of historic significance and/or historic integrity.

Number 19 (703 Spruce Ave.) has been recommended by the consultant for consideration to be added to the new Neighborhood Character List.

**FINDINGS**

1. The Historic Resources Committee has determined that the properties listed above shall be removed from Pacific Grove’s Historic Resources Inventory based on the criteria listed in PGMC 23.76.025 and the recommendation of the qualified consultant, Page & Turnbull, on the individual properties’ DPR 523 Forms of “6L” or “6Z” signifying ineligibility for local, state or national listing.

2. The Historic Resources Committee has determined that this action does not constitute a “Project” as defined under California Environmental Quality Act (CEQA) Section 15378 which addresses organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment. This section can be used if the Committee finds that the property was placed on the Inventory in error or the property no longer retains historic integrity and/or significance and cannot be considered a historic resource.

**NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE HISTORIC RESOURCES COMMITTEE OF THE CITY OF PACIFIC GROVE THAT:**

1. On February 26, 2020, the Historic Resources Committee determined that, based on observation and the information on the DPR forms provided, the buildings listed herein be removed from the Historic Resources Inventory per PGMC 23.76.030. This administrative action is not a “Project” per 15378 of the CEQA Guidelines.

2. The Historic Resources Committee further determines that each of the Findings set forth above is true and correct, and by this reference incorporates those Findings as an integral part of this Resolution.

3. The properties referenced in the table above no longer meet the criteria for eligibility per PGMC §23.76.025.

4. This Resolution shall become effective upon the expiration of the 10-day appeal period.

**PASSED AND ADOPTED BY THE HISTORIC RESOURCES COMMITTEE OF THE CITY OF PACIFIC GROVE** this 26th day of February, 2020, by the following vote:

AYES:  
NOES:
