

Point Pinos Trail Project

ADDENDUM NO. 2

Issued: Tuesday, June 2, 2020

The following changes are hereby made to the project plans, specifications, project manual, or are clarifying questions that the City has received:

Questions and Responses

1. **Question:** Does salvaging and returning approximately 1,636 SF of turf mean actually delivering 1-gallons or flats, the surface area of which equals about 1,636 SF? Could the bid item be edited to specify a quantity of 1-gallons or flats instead?

Answer: Please provide the cost for salvaging and returning a surface area of approximately 1,636 square feet of native plants. The method by which the plants are salvaged, maintained, and returned is left up to the contractor. Please provide the unit cost for one square foot of native plant salvage to allow for accurate adjustments regardless of method of salvage.

Bidder shall sign, date, and include Addendum No. 2 in the bid proposal.
